I. About AEPA

Welcome to The Association of Educational Purchasing Agencies (AEPA) annual solicitation. AEPA is a unique school procurement consortium established in 2000 and incorporated in 2007 under the state laws of Nevada. We are a consortium of non-profit public agencies representing twenty-nine (29) states. We joined to issue simultaneous Invitations for Bids (IFB), or Request for Proposals (RFP), generating sales for vendor partners in all fifty (50) states. AEPA’s mission is to cooperatively serve our members through a continuous effort to explore and solve present and future purchasing needs. Our goal is to secure multi-state volume purchasing contracts with benefits for our public members that are measurable, cost-effective, and exceed members’ expectations for customer service and value. AEPA is committed to accomplishing this mission lawfully and ethically, using leading-edge technology and contemporary business practices.

The advantage for vendors to work with AEPA is that you respond to one bid or proposal that is legally performed across as many as 29 states, which have the potential to sell nationwide. You are working with up to 29 agencies with a long and trusted history with their public membership. Through our partnerships, AEPA vendors have access to thousands of public agencies across the country. We are a multi-million-dollar procurement group through our current awarded vendors and are growing.

AEPA designates one Member Agency per state that is operating legally under the rules and regulations of that state. Any additional agencies that wish to participate will negotiate with the authorized Member Agency and participate through them in a manner in which they mutually agree is not in conflict with AEPA procedures. The Member Agency will be the only agency allowed to represent that state at AEPA and will be the only communication link between AEPA and that state.

Each Member Agency, along with the awarded Vendor Partner, represents, supports, and promotes the AEPA contracts within their respective state. While the consortium was initially created to support educational entities, the Member Agency for each state determines which public entities (higher educational institutions, cities, counties, townships, states, etc.) can utilize the competitively solicited

contracts (see the Summary of State Participation by Solicitation Category Table). Participating entities may include Public and Private School Districts, Educational Service Agencies, Intermediate School Districts, Higher Education Institutions, Federal Agencies, State Agencies, Local Public Bodies, and Nonprofit Non-Public Corporations, Organizations, other entities contracted to conduct business on behalf of a participating entity provided they are required to follow member state and local procurement regulations, etc. that have authorizations to utilize the AEPA Member Agencies' Awarded Contracts.

AEPA has an elected President, Vice President, Secretary, and Treasurer. Operations are overseen by the Executive Director. The AEPA Board representing member states meets twice per year and operates otherwise through a sophisticated committee structure.

II. Solicitation Procedures

A. Issuing Agency

The great benefit to the Vendor is that one response may be prepared for approval by AEPA and awarded by multiple AEPA Member Agencies and utilized by their Participating Entities located throughout many states. Solicitations may be issued as an IFB or an RFP depending on the category of goods/services being solicited. Respondents to a solicitation will submit their response in the required formats (PDF, Word, Excel) of all files requested along with complete catalogs via Public Purchase, a free online bidding platform, by the published due date and time. Respondents selected in response to this solicitation have the potential to provide products and services to local education agencies serving over 36,000,000 (excludes non-represented AEPA states) students, with additional local government agencies as permitted by state law.

Each AEPA Member Agency will individually publish notice of the solicitation. Respondents will submit responses online, electronically via Public Purchase (www.publicpurchase.com). Instructions on registering for AEPA solicitations on Public Purchase can be found on the AEPA website, www.aepacoop.org. Responses will be evaluated by solicitation category committees comprised of AEPA Member Agencies representatives who have indicated they will participate in the category of products and services being solicited, and after AEPA approval, individual AEPA Member Agencies may award contracts to the AEPA Approved Vendor Partners or reject their offers.

The procurement activities of AEPA are limited to document preparation, distribution of the solicitation, initial evaluation, and recommendation for possible approval to AEPA Member Agencies. AEPA consists of agency officials who have agreed to assist one another in meeting the public purchasing needs of local school districts and other political subdivisions.

Contracts awarded through cooperative purchasing must meet the procurement laws of the states of each AEPA Member Agency. When these laws are satisfied, an individual entity using these contracts is deemed in compliance with competitive procurement regulations. As allowed by specific state statutes, they can issue purchase orders for any amount without the necessity to prepare their own solicitation, Request for Proposal (RFP), or Request for Quotations (RFQ). This saves the entity time and allows for economical and efficient purchasing.

AEPA requires that Respondents only respond if they can offer prices equal to or better than what they ordinarily offer to individual entities or cooperatives with equal or lesser volume. State laws that permit or encourage cooperative purchasing contracts do so in the belief that it saves the participants both time and money. Time is saved by having access to volume discounted contracts publicly solicited and being able to purchase what is needed without having to wade through the solicitation process (write solicitation, advertise the solicitation, open each response, evaluate, and select). Money is saved in procurement cost and lower prices will be the result of volume purchasing. Therefore, a contract issued by a cooperative can be used by hundreds of separate political units; but if it has the same or higher prices than what a single agency or state contract can get through its own solicitation, a cooperatively solicited contract may not be attractive to these members. **We request that Respondents respond with advantageous pricing and package so that together we can attract members to prefer the cooperatively awarded contract.**

The AEPA policy for membership permits new agencies to become AEPA Member Agencies upon approval of existing members. If additional Agencies are added, they and their members may procure from existing contracts upon approval of the awarded Vendor Partners and in accordance with their state laws.

B. Questions

All questions from Respondents must be submitted online through Public Purchase, AEPA will not accept questions in any other format during the solicitation process. All questions received during the solicitation process will be available via Public Purchase. All Respondents will be automatically notified through email when AEPA responds to a question asked by a potential respondent. It is the Respondent's responsibility to check Public Purchase for any questions and answers before the deadline. Questions received after the question deadline date will not be answered.

Should AEPA issue addenda during the solicitation process, all Respondents will be automatically notified through email of the released addenda. AEPA is not responsible for Respondents not acknowledging the issued addenda and not submitting a response according to those changes.

Questions regarding this solicitation after Opening, but before the approval of the contract, should be submitted to questions@aepacoop.org.

Questions regarding this solicitation after Notification of Approval should be submitted to bid-committee@aepacoop.org.

C. Respondent Qualifications

An essential part of the solicitation process is an evaluation to qualify the company being considered. All solicitations must contain answers, responses, and/or documentation to the information requested in the documents. Any Respondent failing to provide the required information/ documentation may be considered non-responsive, this includes submitting a response not in the proper format.

Respondents must demonstrate their ability, capacity, and available resources to provide the proposed products and services to 90% of the AEPA Member Agencies indicating an interest in participating in the categories being solicited unless otherwise noted in Part B – Technical Specifications of the category being solicited. The Respondents are required to communicate and demonstrate within their response they have extensive knowledge, background, and at least five (5) years of experience with manufacturing, obtaining, delivering, installing, maintaining, and/or supporting the product lines of products, equipment, services, or software offered. AEPA and/or its Member Agencies reserve the right to accept or reject newly formed companies or companies failing to demonstrate their abilities or capacity solely based on information provided in the solicitation response and/or its own investigation of the company.

D. Bid/Proposal Security

If required, bids or proposals must be accompanied by a satisfactory security bond. **This will vary by the goods/services requested and will be noted in Part B, Technical Specifications for that category.**

If a security bond is required, a hard copy of the security must be in the actual possession of AEPA at Lakes Country Service Cooperative, ATTN: Purchasing Dept, 1001 E Mt Faith, Fergus Falls, MN 56537, on or before, the exact due date and time and a copy must be submitted via Public Purchase. Original copies of the security must be submitted in a sealed envelope properly addressed to the Association of Educational Purchasing Agencies, with the Solicitation Number, Solicitation Category, and Respondent's name and address clearly indicated on the envelope or box. AEPA will not reject a response from a Vendor whose bid bond has not arrived by the due date and time as long as a scanned copy of the bid bond dated prior to the due date is uploaded with their response and the actual bond is in transit.

An acceptable bid/proposal security will have the principal being the Respondent and the Association of Educational Purchasing Agencies listed as the Agency of Record. The Security may be a one-time bond underwritten by a surety company licensed to issue bonds in the state of Nevada and said surety to be approved in federal circular 570 as published by the United States treasury department or the equivalent in cash or an irrevocable letter of credit from a FDIC

financial institution. The security bond must remain in force for one hundred twenty (120) days of the solicitation opening.

The Respondents' ability to follow the preparation instructions set forth in this solicitation will also be considered to be an indicator of the Respondents' ability to follow instructions should they receive an award as a result of this solicitation. Original copies of the security must be submitted in a sealed envelope properly addressed to the Association of Educational Purchasing Agencies, with the Solicitation Number, Solicitation Category, and Respondent’s name and address clearly indicated on the envelope or box. AEPA will not reject a response from a Vendor whose bid bond has not arrived by the due date and time as long as a scanned copy of the bid bond dated prior to the due date is uploaded with their response and the actual bond is in transit.
 - c. If the designated location for receiving the bid or proposal security is closed due to an unforeseen circumstance on the day the security is due (due date), the security will be due at the same time on the next day the building is open. 1. **Responsive Offer:** A responsive offer reasonably and substantially conforms to all material requirements of the solicitation.  - e. Deviations or exceptions stipulated in response may result in the offer being classified as non- responsive. Language to the effect that the Respondent does not consider this solicitation to be part of a contractual obligation will result in that Respondent’s offer being disqualified. Terms of the solicitation that any Respondent considers particularly unwarranted, and to which that would have to take significant exception in his/her offer, should be stated clearly and concisely as exceptions and/or deviations.

- f. In preparing a proposal, the Respondent's inability to follow the proposal preparation instructions set forth in this solicitation and its inability to provide written responses, narratives, requested and support documentation relating to the Respondent's qualifications; abilities; capacity; products; specifications; delivery, installation, setup, maintenance; support services and pricing utilized by AEPA evaluators may result in the Respondent's offer to be deemed non-responsive.
2. **Non-responsive Offer:** Any offer that does not conform to all material requirements of the solicitation including, but not limited to: offers received after the deadline; offers that do not contain required items and/or provided in the format required, such as proper and/or signed forms, pricing, catalogs, electronic files; offers that do not contain the proper security bond where required; failure to meet the specified qualifications, product specifications, stipulated documentation or pricing equal to or better than individual entities or cooperatives with equal or lesser volume. AEPA reserves the right to request documents that do not affect pricing, waive minor irregularities, and/or seek clarification following its Board approved procedures. Offers deemed non-responsive will not be considered for approval and award.
 3. **Responsible Respondent:** A responsible Respondent is a firm or person with the qualifications, capability, and capacity to perform the contract requirements with integrity and reliability, which will assure good faith performance. As a part of the process of determining responsible respondents during the evaluation period, the category committee may request reports that describe the financial soundness of your organization. You may be asked to include a third-party report or reports that demonstrate your firm's strength. Accepted financial reports may include balance sheets and Profit & Loss statements for the past three years, a Letter of Credit or Line of Credit from a bank or lending institution indicating the line of credit limit and the average outstanding balance, Dun & Bradstreet reports, a complete Annual Financial Report (for publicly traded companies).

AEPA's approval of a response will make the Respondent available for consideration to the AEPA Member Agencies for contract award. Factors to be considered in determining whether the standard of responsibility has been met may include but is not limited to whether a Vendor Partner has:

- a. Submitted a responsive offer;
 - b. The qualifications stipulated in this solicitation, such as adequate financial resources, production or service facilities, personnel, service reputation and experience to make satisfactory delivery of the products, services, or construction;
 - c. A demonstrated and documented satisfactory track record of performance in the national market place;
 - d. A satisfactory record of integrity and a reputation of responding to and meeting educational and local government institutions' needs, adherence of and compliance with federal, state, local and industry standards, rules, regulations, and codes;
 - e. Quality and suitability of products and services offered to meet and perform to the specifications, expectations, and requirements identified in this solicitation;
 - f. Supplied all necessary information and data in connection with determining whether a Respondent meets the standard of responsibility.
4. **Cost Evaluation:**
 - a. Cost and price schedules conform to and provide the information required in Part B – Technical Specifications of the bid or proposal;
 - b. Pricing offered that is equal to or better than what they ordinarily offer to individual entities or cooperatives with equal or lesser volume;
 - c. Methodology used by AEPA and its AEPA Member Agencies to approve prospective Vendor Partners and award contracts;
 - i. Line-Item Bid: Lowest responsive, responsible Bidder(s). Based on the cost evaluation, a recommendation will be made to approve a single Bidder or make a multiple Bidder award. The evaluation committee may consider such factors

- as life-cycle costs, total cost of ownership, quality, and the suitability of an offering in meeting AEPA members' needs; or
- ii. Catalog Bid: Lowest responsive, responsible Bidder(s) is/are determined based on the price evaluation criteria; and by a "Core List" and/or by creating a "Market Basket Study" to compare overall pricing between Respondents. A "Market Basket" is a list of items typically purchased by AEPA Member Agencies and their Participating Entities that represent a cross-section of the types of those items purchased. The selection and quantity of line items evaluated will be at the sole discretion of the AEPA evaluators. Based on the cost evaluation, a recommendation will be made to approve a single Bidder or make a multiple Bidder award. The evaluation committee may consider such factors as life-cycle costs, total cost of ownership, quality, and the suitability of an offering in meeting AEPA members' needs.
 - iii. Proposal: Identified weighted criteria for evaluation, including pricing, published in Part B of the solicitation.

G. Contract Award and Implementation

An AEPA category committee will perform initial response review and evaluation and will prepare and make a recommendation to AEPA for its consideration and approval. Those selected Respondents who are approved by AEPA will then be considered by the individual AEPA Member Agencies for contract award. It should be noted that once AEPA has approved the response, a Respondent becomes a "Vendor Partner" for AEPA.

All respondents will be notified of the outcome of the solicitation. Vendors recommended for award by AEPA states will be posted on the AEPA website.

Once the approved Respondents have been notified, it is their responsibility to contact those AEPA Member Agencies (up to 29) who had indicated an interest in participating and send Part C (if applicable), Part D, E, and F to each of the participating AEPA Member Agencies. Each AEPA Member Agency will review, evaluate, and determine which, if any, it will award contracts to.

The approved Vendor Partner and the AEPA Member Agency will hold final contract negotiations, if necessary, to work out state-specific details of contract implementation including:

1. Acquiring additional information and having discussions on how the awarded contract will be executed.
2. Signing the contract with the AEPA Member Agency.
3. Jointly develop marketing strategies and a plan for contract roll-out activities to the AEPA Member Agency's Participating Entities (Advertising, flyers, website access, etc.).
4. Establish how orders will be processed, handled, and reported.
5. Contract management: Establish how and by whom the day-to-day contract management will be handled and who will be the AEPA Member Agency's representative.

It is not guaranteed that each AEPA Member Agency will enter into a contract with AEPA approved Vendor Partners. The final decision as to the appropriateness of a contract for a Member Agency rests solely with that AEPA Member Agency.

III. Responsibilities of A Vendor Partner

- A. As an approved AEPA Vendor Partner, the following is expected in support of the contract:
 1. Designate and assign a dedicated senior-level contract manager (one authorized to make decisions) to each of the Member Agency accounts. This employee will have a complete copy and must have a working knowledge of the contract.
 2. Train and educate sales staff on what the AEPA cooperative contract promised, including pricing, who can order from the contract (by state), terms/conditions of the

- contract, and the respective ordering procedures for each state. It is expected that Vendor Partners will lead with AEPA contracts.
3. Develop a marketing plan to support the AEPA contract in collaboration with respective AEPA Member Agencies. The plan should include, but not be limited to, a website presence, electronic mailings, sales flyers, brochures, mailings, catalogs, etc.
 4. Create an AEPA-specific sell sheet with a space to add a Member Agency logo and contact information for use by the Member Agencies and the Vendor Partner's local sales representatives to market within each state.
 5. Quarterly, complete the sales and administrative fee report (see attached PDF example) and submit to each Member Agency along with the respective administrative fees to be paid. If there are no sales, a \$0 report is required.
 6. Report sales and administrative fees by participating state if requested by AEPA.
 7. Have ongoing communication with the Category Committee Chairperson, AEPA Member Agencies, and the Member Agencies Participating Entities.
 8. Annually attend two (2) AEPA meetings: Annual meeting which is typically in April and the Winter Meeting which is typically the end of November or early December and has historically been held in conjunction with the Association of Educational Service Agencies (AESAs) annual conference. At the Annual Meeting, Vendor Partners participate in a round table meeting with each of the AEPA Member Agencies. Vendor Partners that have paid the registration fees can participate in the meetings.
 9. Trade show support: Strongly encourage participation in national and local conference trade shows to promote the AEPA contracts such as, but not limited to, the Association of School Business Officials (ASBO), the National Institute of Governmental Purchasing (NIGP), and the National Association of Educational Procurement (NAEP).
 10. Increasing sales over the term of the contract with all participating AEPA Member Agencies.

IV. Responsibilities of AEPA Member Agencies

- A. In support of the Vendor Partner and respective contract, each AEPA Member Agency should provide the following support:
 1. Designate a staff member(s) that will serve as a point person for the AEPA program within that state.
 2. Provide a staff member to work collaboratively with the Vendor Partner to determine the best marketing plan for the respective Member Agency state. Marketing efforts may include but not be limited to the education and use of sales force, a website presence, electronic mailings, brochures, mailings, etc.
 3. Develop marketing materials for the Member Agency to use that would include representation of the awarded contracts. Materials may include, but not be limited to, a website presence, electronic mailings, sales flyers, brochures, mailings, catalogs, etc. as determined by the respective Member Agency and what works best within their state.
 4. Assist the Vendor Partner to jointly market the contract to potential Participating Entities within the state.
 5. Work with the Vendor Partner to identify eligible Participating Entities within the state possibly including providing a list of potential customers.
 6. Work with the Vendor Partner to identify and help manage costs associated with fulfilling this contract.
 7. Attendance at the two (2) AEPA meetings which provides for an opportunity to interact with Vendor Partners.

V. General Terms and Conditions for All Agencies

For the purposes of this Solicitation, the following terms must be defined as indicated below, and constitute the general terms and conditions for all AEPA Member Agencies:

Administrative Fee: The percentage of sales that each Vendor Partner pays the Member Agency for sales in their respective state or states that they extend the AEPA pricing to. Administrative Fees

must be paid to each Member Agency quarterly. See the Summary of State General Overview for the administrative fees by Member Agency (state).

Advertising: Vendor Partner must not advertise or publish information concerning this contract prior to the award being announced by the AEPA Member Agencies. Once the award is made, the Vendor Partner may advertise to the individual Participating Entities that products/services are available. Vendor Partner must submit ad copy to the AEPA Member Agency for review and approval prior to issuing the advertisement.

AEPA Bi-Annual Meetings: AEPA holds two general meetings each year: one in the Spring (usually in April or May) and the other in the Fall (currently the week after Thanksgiving). AEPA requires that all successful contract holders attend both meetings and participate in the vendor round tables at the Spring meeting. AEPA requests that all vendor partners register in advance and stay at the AEPA official hotel if rooms are available. All registrations for the meetings are required by the official registration due date as announced by AEPA.

AEPA Member Agency: Refers to the entities identified in the table in Part I of this document who are approved as AEPA members. Member Agencies participating in a particular category are listed in Part B - Specifications, Item 3: Anticipated Member Agency Participation. "Direct or Indirect Participation" may include their involvement through the formulation of any part of a procurement activity; the influencing of the content of any term, condition and/or specification; the evaluation, investigation, auditing and/or the rendering, of advice, recommendation, decision, approval, disapproval and the award and implementation of procurement contract. Not every listed entity may elect to participate in a solicitation once the responses are reviewed and approved.

Affirmative Action: An Affirmative Action Plan, Certificate of Affirmative Action, or other documentation regarding Affirmative Action may be required by AEPA Member Agencies. Vendors must comply with requirements and/or requests for information regarding Affirmative Action by Member Agencies.

Amendment of Solicitation: A solicitation may be amended up to the time of opening.

Applicable Law: The laws of the state of the respective AEPA Member Agency must govern any resulting contract of this solicitation. Suits pertaining to this contract may be brought only in courts in the County and State as prescribed by the AEPA Member Agency. Both parties agree that the Uniform Commercial Code, as adopted by the State of the AEPA Member Agency, must fully apply. The Vendor Partner must comply with any and all laws, whether local, state, federal or otherwise, applicable to any aspect of the work to be performed in relation to the resulting contract. It must be the Vendor Partner's responsibility to identify, make themselves aware of, and determine the applicability and requirements of any such laws and to abide by them.

Approval and Awarding of Contract: AEPA and its AEPA Member Agencies reserve the right to approve and award a contract to one Vendor Partner, to make multiple approvals and awards, to reject any or all offers in whole or in part, to waive any minor formalities or irregularities in any offers, and to accept offers, which in its discretion and according to law may be in the best interest of the AEPA Member Agencies and their Participating Entities. A response to this solicitation is an offer to contract with the AEPA Member Agencies based upon the terms, conditions, and scope of work and specifications contained in this invitation. A solicitation does not become a contract unless and until it is accepted, recommended, and approved by AEPA and awarded by the individual AEPA Member Agency. A contract is formed when an AEPA Member Agency administrator and, if required, an AEPA Member Agency Board approves and signs the Acceptance of Solicitation and Contract Award Form (see Form E) document, eliminating the need for a formal signing of a separate contract.

Assignment: No right or interest in this contract must be assigned or transferred by the Vendor Partner without prior written permission by AEPA and its AEPA Member Agencies, and no delegation of any duty of the Vendor Partner must be made without prior written permission by the

AEPA Member Agency. AEPA and its AEPA Member Agencies must not unreasonably withhold approval and must notify the Vendor Partner within fifteen (15) days of receipt of written notice by the Vendor Partner.

Audit Rights: In accordance with applicable law of the State of the AEPA Member Agency, the Vendor Partner's books, and pertinent records related to this contract may be audited at a reasonable time and place.

Authority: This solicitation, as well as any resulting contract/agreement, is issued under the general authority of the State laws of the AEPA Member Agency and those identified within the AEPA Member Agencies' Specific Terms and Conditions, Part C, (see also Procurement Code below). Internal or external Cooperative Purchasing Agreements between the AEPA Member Agency and Participating Entities may exist.

Respondent/Bidder/Vendor Partner Definitions:

Bidder, Respondent, Offeror, and Vendor Partner are interchangeable and are used to identify the person(s) or firm(s) submitting a response to an Invitation for Bid or Request for Proposal.

1. Prospective Respondent/Bidder/Offeror: has notified AEPA of a desire to bid by registering on the AEPA website. "Bidder" has submitted an offer to AEPA in response to an AEPA solicitation.
2. Recommended Respondent/Bidder/Offeror: has been approved by AEPA for its AEPA Member Agencies for contract consideration.
3. Vendor Partner: has entered into a contract with a participating AEPA Member Agency or subsequently a Participating Entity.

Respondent Acceptance Period: To allow AEPA Member Agencies the opportunity to evaluate the offers, AEPA requires that an offer in response to this solicitation be valid and irrevocable for one hundred twenty-days (120) after opening time and date.

Performance Bonding (required for construction projects): Performance bonds are completed after the contract and at the time a member authorizes a project. The Vendor Partner agrees to provide all performance and payment bonds for individual projects executed by a surety company authorized to do business in the individual AEPA Member's state and said surety to be approved in federal circular 570 as published by the United States treasury department, the state or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; when required by an AEPA Member Agency or Participating Entity at the time a contract is executed. If the Vendor Partner fails to deliver any required performance or payment bonds, the AEPA Member Agency or Participating Entity must not execute the contract or terminate the contract with the Vendor Partner and the appropriate AEPA Category Committee must be notified of such failure and must take the appropriate action.

Brand Names: The use of the name of a manufacturer, brand, make or catalog number does not restrict the Respondent. Brand names and model numbers are used to indicate the character, quality, and/or performance equivalence of the commodity on which offers are submitted. Respondents may submit alternates. However, the AEPA reserves the right to decide whether alternatives to the identified manufacturer and brand are equal to the product, equipment, and/or service described in the invitation. AEPA's decision must be final.

Buyer: Identifies the AEPA Member Agencies and their Participating Entities that acquire and purchase commodities, supplies, materials, equipment, and services under AEPA Member Agencies' awarded contracts.

Captions, Headings, and Illustrations: The captions, illustrations, headings, and subheadings in this solicitation are for explanation only and in no way define, limit, or describe the scope or intent of the request.

Certification: By signature in the solicitation section of the Contract Award page, the Respondent certifies: the submission of the offer did not involve collusion or other anti-competitive practices; the Respondent must not discriminate against any employee, or applicant for employment in violation of Federal and State Laws (see Federal Executive Order 11246); the Respondent has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with the submitted offer; and the Respondent agrees to promote and offer to AEPA Member Agencies and Participating Entities only those materials and/or services as stated in and allowed under resultant contract(s) awarded.

Christian Doctrine: Any federal, state, and local governing authority's/jurisdiction's statutes, codes, rules, and regulations referenced and/or govern the products, services, and activities relating to and are part of this solicitation, whether or not physically noted or included, must be complied with, and adhered to as required. It is the sole responsibility of the Respondent to perform and complete any necessary research and investigation required to make themselves aware of and comply with this item.

Clarification: As used in this solicitation, clarification means communication with a Respondent for the sole purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the solicitation. It is achieved by explanation or substantiation, either in response to an inquiry by the AEPA Member Agency or as initiated by the Respondent. Clarification does not allow the Respondent to revise or modify its solicitation.

Commercially Available Catalog: A published paper catalog or an online website that is widely distributed or accessible to a wide population or set of businesses across the United States. It is made available to the general public, public or nonprofit entities and contains a verifiable price, along with product descriptions, SKU numbers, and photographs. A commercially available catalog is distinct from a custom catalog or website, whose prices and offerings are tailored to niche audiences, or are targeted to a small geographic location. The prices published in a Commercially Available Catalog will be considered a company's base pricing or "commercially available pricing" for the purpose of AEPA bids or proposals. All pricing must be in U.S. Dollars. AEPA will not accept an artificial catalog or price list, or base price created for the purpose of responding to a competitive solicitation.

Competitive Range: AEPA and its AEPA Member Agencies reserve the right to establish a competitive range of acceptable responses as part of the evaluation process as defined herein. Responses below the competitive range will be determined to be unacceptable and will not receive further consideration.

Contract Documents: AEPA Member Agency will review proposed contract documents. Vendor Partner's contract document must not become part of AEPA Member Agency's contract with Vendor Partner unless and until an authorized representative of an AEPA Member Agency reviews and accepts it.

Construction: Each AEPA Member Agency within their state statutes defines what constitutes construction, identifies the policies, rules, regulations, and codes that govern construction projects. AEPA has defined construction as building, altering, repairing, installing or demolishing in the ordinary course of business any road, highway, bridge, parking area or related project; building, stadium or other structure; airport, subway or similar facility; park, trail, athletic field, golf course or similar facility; dam, reservoir, canal, ditch or similar facility; sewage or water treatment facility, power generating plant, pump station, natural gas compressing station or similar facility; sewage, water, gas or other pipelines; transmission line; radio, television or other towers; water, oil or other storage tanks; shaft, tunnel or other mining appurtenance; electrical wiring, plumbing or plumbing

fixture, gas piping, gas appliances or water conditioners; air conditioning conduit, heating or other similar mechanical work; or similar work, structures or installations. Construction must also include leveling or clearing land; excavating earth; drilling wells of any type, including seismographic shot holes or core drilling; and similar work, structures, or installations.

Cooperative Procurement: Some individual state procurement codes may contain cooperative purchasing statutes that state any state agency or local public body may either participate in, sponsor or administer a cooperative procurement agreement for the procurement of any services, construction or items of tangible personal property with any other state agency, local public body or external procurement unit in accordance with an agreement entered into and approved by the governing authority of each of the state agencies, local public bodies or external procurement units involved. The cooperative procurement agreement must clearly specify the purpose of the agreement and the method by which the purpose will be accomplished. Any power exercised under a cooperative procurement agreement entered into according to each state's procurement code must be limited to the central purchasing authority common to the contracting parties, even though one or more of the contracting parties may be located in different states.

Cooperative Purchasing Contracts: The Vendor Partner agrees that all the prices, terms, warranties, and benefits granted by the Vendor Partner to AEPA Member Agencies or Participating Entities through this contract **will be equal to or better than** those offered to any individual entities or cooperatives that have equal or lesser volume. If the Vendor Partner must, during the term of this Contract, enter into arrangements with any customer or cooperative providing greater benefits or terms that are more favorable, the Vendor Partner must notify the AEPA category committee chairman and offer said prices, terms, warranties, and benefits to all AEPA Member Agencies. The following must be noted:

1. AEPA and its AEPA Member Agencies reserve the right to accept or reject the Respondent's offer if it is determined it does not comply with the above based on their knowledge, investigation, review, and findings of Respondents' submitted prices.
2. In the event the Vendor Partner offers lower prices to another customer or cooperative, AEPA and its AEPA Member Agencies must notify the Vendor Partner of the deviation and request written justification. Based on AEPA and its AEPA Member Agencies' investigation, review, and findings, AEPA reserves the right to take the following actions: to request the Vendor Partner to immediately adjust its AEPA's offered prices to match the lower prices offered, to work with the Vendor Partner to mediate and resolve the situation; or to notify the Vendor Partner that it intends to suspend and/or terminate their contract.

Cost of Preparation: Neither AEPA nor any AEPA Member Agency must reimburse the cost of developing, presenting, or providing any response to this solicitation.

Credit Hold: The Vendor Partner must agree not to place the AEPA Member Agency and/or its Participating Entity on "credit hold" without 10-days advanced notice in writing, either by letter, facsimile, or email to the AEPA Member Agency and the Participating Entity. The AEPA Member Agencies believe it is better for the Vendor Partner if the AEPA Member Agency places the slow-paying Agency Member on "credit hold;" if a Vendor Partner places the Participating Entity on credit hold, agencies that pay promptly are penalized. If, on the other hand, the Member Agency places the offending Participating Entity on "credit hold", payment is more likely to result and only the offender is disciplined.

Delivery Terms, Conditions, and Requirements

1. **Delivery:** is to be made within the specified time identified in Part B Specifications for each solicitation category, unless otherwise stipulated in writing and accepted by all parties (Buyer placing order and Vendor Partner). The Vendor Partner agrees to notify the Buyer if an order cannot be processed within the specified period and/or the agreed-upon timelines.
2. **The title and risk of loss of material or service:** must not pass to the Buyer purchasing the material or services until it receives the material or service at the point of delivery (FOB Destination) and they have been accepted, unless otherwise provided within this document or individual project's contract.

3. **Ownership of products and services** happens only after receipt and acceptance of delivery by the Buyer. The Buyer will be the determining judge of whether materials and services delivered under the purchase order/contract satisfy the specifications and requirements as identified in the contract/order.
4. **Fungible Goods:** Title to an undivided share or quantity of an identified mass of fungible goods will not pass to a Buyer until the separation of the purchased share has been made, delivered, and received.
5. **Shipping Terms:** (See Part B Specifications for specific instructions on shipping and handling costs for the individual category you are responding to.) Vendor Partner must retain the title and control of all goods until they are delivered and received. All risks of transportation and all related charges must be the responsibility of the Vendor Partner unless other arrangements have been made between the vendor partner and the AEPA Member Agency. Shipping must be FOB destination. The Vendor Partner must file all claims for visible or concealed damage. AEPA Member Agency, or the receiving Buyer, will notify the Vendor Partner and/or Freight Company promptly of any damaged goods and must assist the freight company/Vendor Partner in arranging for inspection. No FOB vessel, car, or other vehicle terms will be accepted.
 - a. **Shipping Costs:** Products may be shipped without separate shipping costs. If shipping is allowed as a separate line item per Part B Specifications and charged, the actual cost of delivery may be added to an invoice. No COD orders will be accepted unless specifically requested by the AEPA Member Agency.
 - b. **Shipment under Reservation:** Vendor Partner is not authorized to ship materials under reservation and no tender of a bill of lading will operate as a tender of the materials.
 - c. **Shipping Errors:** Vendor Partner agrees that shipping errors will be at the expense of the Vendor Partner. For example, if a Vendor Partnerships a product that was not ordered, it is the responsibility of the Vendor Partner to pay for return mail or shipment.
6. **Stored Materials (vendor managed inventory):** Upon prior written agreement between Vendor Partner and Buyer, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to the Buyer prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by Vendor Partner against loss and damage. Vendor Partner agrees to provide proof of coverage and/or addition of Buyer as an additional insured upon Buyer's request. Additionally, if stored offsite, the materials must also be clearly identified as the property of the Buyer and be separated from other materials. The buyer must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Buyer, it must be the Vendor Partner's responsibility to protect all materials and equipment. Vendor Partner warrants and guarantees that title for all work, materials, and equipment must pass to Buyer upon final acceptance. Payment for stored materials must not constitute final acceptance of such materials.
7. **Improper delivery:** Unless contrary to other parts of this solicitation, if the goods, services, or tender of delivery fail in any respect to conform and adhere to the terms, conditions, specifications of the resulting contract based on this solicitation and/or the individual Buyer's contract/order. The Buyer may reject the whole, accept the whole, or accept any commercial unit or units and reject the rest.
8. **Defective Goods:** Vendor Partner agrees to pay for return shipment on goods that arrive in a defective or inoperable condition. Vendor Partner must agree to arrange for return shipment of damaged goods.
9. **Liquidated Damages:** The Buyer may suffer financial loss if the project is not substantially complete or products or services are not delivered on the established date. The Vendor Partner (if applicable surety) must be liable for and must pay to the Buyer, not as a penalty, the sums that may be hereinafter agreed upon as liquidated damages per calendar day of delay until the work and/or delivery is determined by Buyer to be complete and/or delivered. Liquidated damages will be determined on a project-by-project basis.
10. **No Replacement of Defective Tender:** Every tender of materials must fully comply with all provisions of this contract. If tender is made which does not fully conform, this must

constitute a breach, and Vendor Partner must not have the right to substitute a conforming tender without the written consent of all parties involved.

11. **Default in One Installment to Constitute Total Breach:** Vendor Partner must deliver conforming materials in each installment or lot of this contract and may not substitute nonconforming materials. The AEPA Member Agency reserves the right to declare a breach of contract if the Vendor Partner delivers nonconforming materials or services to any Buyer under this contract.
12. **Restocking Fees:** A restocking fee may only be charged on products ordered and delivered to the Buyer's site in accordance with the order/contract. Restocking fees in excess of 15% will not be allowed. Restocking fees may be waived, at the option of the Vendor Partner. The Vendor Partner must identify, specify, and justify any exceptions or deviations taken.

Deviations or Exceptions to Requirements: Deviations or exceptions stipulated in a Respondent's proposal may result in the rendering of the response non-responsive. AEPA and its AEPA Member Agencies reserve the right to determine whether the deviation or exception does or does not serve the interest of or is not advantageous or acceptable to AEPA, its AEPA Member Agencies, or Participating Entities.

Disbarment and Suspension: By signature accepting Terms and Conditions, it is certified on behalf of the company and their key employees that neither the company nor its key employees have been proposed for debarment, debarred, or suspended by any State or Federal Agency within the last five (5) years. If within the past five (5) years, any Respondent has been disbarred, suspended or otherwise lawfully precluded from participating in any public procurement activity with a federal, state or local government, the Respondent must include a letter with its response that includes the name and address of the public procurement unit, the effective date of the suspension or debarment, the duration of the suspension or debarment, and the relevant circumstances relating to the suspension or debarment. Any failure to supply such a letter or to not disclose in the letter all the pertinent information may result in the cancellation of any resulting contract. By signing the solicitation section, the Respondent certifies that no current suspension or debarment exists.

EDGAR (2 CFR 200) Compliance: Respondents are required to complete Education Department General Administrative Regulations (EDGAR) compliance certification. EDGAR regulations govern all federal grants awarded by the U. S. Department of Education on or after December 26, 2014.

Eligible Entities: The individual AEPA Member Agency's state procurement code and statutes provide for cooperative procurement and identifies those types of agencies, entities, and organizations that are allowed to participate in and take advantage of cooperative procurement contracts solicited and approved by AEPA and awarded by AEPA Member Agencies. Therefore, depending on the individual state procurement codes and statutes federal agencies, state agencies, local public bodies, and Non-Profit/Non-Public entities may be allowed to participate in and utilize AEPA solicited, approved and AEPA Member Agency awarded contracts.

Estimated Quantities: In Part B: Specifications of this solicitation, AEPA, and AEPA Member Agencies have indicated their anticipated volume for the products and services requested. It is anticipated that a considerable amount of activity will result from this solicitation; however, there is no guarantee of future order quantities since this is an indefinite-quantity contract. Usage depends on the actual needs of the AEPA Member Agencies, their Participating Entities, and the marketing by the Vendor Partner.

Experience, Proven Track Record and Past Performance Information: it has been determined by AEPA and its AEPA Member Agencies to be a major factor in consideration if a Respondent possesses the ability, capacity, and resources to acquire, manufacture, deliver, construct, install, services and support all of the procurement functions and activities involved in a national contract of this nature. AEPA and its AEPA Member Agencies reserve the right to accept or reject an offer if, in its judgment, the Respondent failed to demonstrate the following: a proven

track record in the products and services offered (qualifications, knowledge, and background); is willing and able to deliver the proposed products and/or services to ninety (90%) percent of those participating AEPA Member Agencies identified in Part B (unless otherwise noted in Part B): Specifications; and has provided relevant information regarding its actions under previously awarded contracts to schools, local, state, or federal agencies. It includes the Respondent's record of conforming to specifications and standards of good workmanship; the Respondent's record of containing and forecasting costs on any previously performed cost-reimbursable contract schedules, including the administrative aspects of performance; the Respondent's history for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the Respondent's businesslike concern for the interests of the customer.

External Procurement Unit: means any procurement organization not located in a current AEPA Member Agency state which, if located in the state, would qualify as a federal or state agency or a local public body. Various state procurement codes allow external procurement units to offer their contracts and for agencies within those states to utilize those contracts to acquire goods and services.

Federal Agency [25] USC 3001 (4): Is defined as any department, agency, or instrumentality of the United States, any executive department, military department, government corporation, government-controlled corporation, or other establishments in the executive branch of government, including the Executive Office of the President or any independent regulatory agency established through legislative and/or administrative action.

Federal Requirements: Vendor Partner agrees, when working on any federally-assisted projects with more than \$2,000 in labor costs, to comply with the Contract Work Hours and Safety Standards Act (40 U.S.C. 329 et seq.) and all applicable sections of the act and the Department of Labor's supplemental regulations (29 CFR parts 5 and 1926), the Civil Rights Act of 1964 as amended, the Davis-Bacon Act (Section 29, CFR Part 5), the Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in the Department of Labor regulation (29 CFR part 3), and the Equal Opportunity Employment requirements of Executive Order 11246 as amended by Executive Order 11375 (Labor regulations (41 CFR Part 60)). In such projects, the Vendor Partner agrees to post wage rates at the worksite and submit a copy of their payroll to the AEPA Member Agency for their files. Also, to comply with the Copeland Act, the Vendor Partner must submit weekly payroll records to the AEPA Member Agency. The Vendor Partner must keep records for three (3) years and allow the federal grantor agency access to these records, upon demand. All federally assisted contracts to an AEPA Member Agency that exceed \$10,000 may be terminated by the federal grantee for noncompliance by the Vendor Partner. In projects that are not federally funded, Vendor Partners must agree to meet any federal, state, or local requirements, as necessary. Also, if compliance with the federal regulations increases the contract costs beyond the agreed-on costs in this solicitation, the additional costs may only apply to the portion of the work paid by the federal grantee. On all other projects, the prices must agree with this contract. Vendor Partner must comply with all applicable standards, orders, or requirements issued under Section 306 of the Clean Air Act (42 U.S.C.) 187 [h], and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et. Seq.); and, Executive Order 11738 and Environmental Protection Agency (EPA) regulations (40 CFR Part 15), which prohibit the use under non-exempt federal contracts, grants, or loans of facilities included in the EPA list of violated facilities.

The force majeure must be deemed to commence when the party declaring it notifies the other party of the

existence of the force majeure and must be deemed to continue as long as the results or effects of the force majeure prevent the party from resuming performance in accordance with the contract. Force majeure must not include late deliveries of equipment or materials caused by congestion at a manufacturer's plant or elsewhere, an oversold condition of the market, inefficiencies, or similar occurrences. If either party is delayed at any time by force majeure, the delayed party must notify the other party in writing of such delay within forty-eight (48) hours.

As it related to HUB businesses, a "Commercially Useful Function" (CUF) is work that is integral to sales, delivery, or supply-chain solution, and not a mere façade for the pass through of goods. Vendor Partner's obligation under this section will not extend to any liability caused by the sole negligence of AEPA, its Members, participating Entities, its employees. Modification by Buyer: Vendor Partner must have no obligation with respect to any patent and copyright infringement claim based upon Buyer's modification of the equipment and/or software, or its operation or use with apparatus, data or programs not furnished by Vendor Partner. Money: All transactions are payable in U.S. currency only. Multiple Approvals and Awards: throughout the United States, AEPA Member Agencies have a large number of Participating Entities who take advantage of and utilize awarded contracts. 1. Member Agency specific terms and conditions
2. Specifications and scope of work
3. General terms and conditions
4. Attachments and exhibits
5. Documents referenced or included in the solicitation.

Overcharges by Antitrust Violations: Member Agency maintains that, in actual practice, overcharges resulting from antitrust violations are borne by the Buyer. Therefore, to the extent permitted by law, the Vendor Partner hereby assigns to the Member Agency any and all claims for such overcharges as to the goods or services used to fulfill the contract.

Pricing: AEPA has identified and stipulated the type of bid and the pricing methodologies that are to be utilized to price and submit bid or proposal prices. The Vendor Partner agrees that the cost for any item bid or offered on this contract will be uniform for all states and that any differences in pricing are due to state-specific installation and labor costs, AEPA Member Agency's Administrative Fee, or other approved reasons. The Respondent must provide their pricing as requested utilizing the various pricing methodologies specified. **The Respondent/Vendor Partner must agree that they will not offer or provide a better price to any individual entities or cooperatives with equal or lesser volume than that through AEPA.** Please note the following that relates to pricing:

1. **Primary Pricing Strategies for Bids:** All Respondents will be required to submit "Primary Pricing" in the form of either "Catalog Pricing" or "Line-Item Pricing" or a combination of these two pricing strategies, or Proposal (RFP) pricing as defined in Part B, solicitation specifications. Respondents are also encouraged to offer OPTIONAL pricing strategies including "Hot List" and "Volume Discounts".
 - a. **Catalog Pricing:** Catalog pricing is utilized when the products and/or services solicited

are clearly identified with set and specific characteristics, attributes, and configurations that are identifiable as a stand-alone single unit and can be listed and priced as a single unit with options that can be added to enhance and/or improve its operation and functionality. The Respondent offers a fixed discount(s) off the retail price, catalog price, published price, or list price. The discounts may be for the entire commercially available catalog, for specific products, product lines, manufacturers, or category of products as determined by the Respondent and in conformity with the scope of the solicitation.

- i. **Discounts:** Discount offers must clearly identify the percent of discount to apply to a commercially available catalog, manufacturer, manufacturer's suggested retail price (MSRP), retail, or nationally published price lists. Respondents must identify and stipulate if the discounts apply to the entire catalog/price list, specific product lines, manufacturers, and/or categories of products. Respondents must agree that there will be no reduction in discount(s) during the term of the contract.
 - ii. **New Catalogs/Price Changes:** New catalogs and corresponding nationally published price lists may be submitted throughout the term of the contract and must be submitted to the AEPA Category Committee for review prior to release to all AEPA Member Agencies. Prices may change based on manufacturer's price changes, newly published pricing, or price lists, but the original discount bid must remain firm for the duration of the contract. New catalogs/products must conform to the scope of the solicitation.
 - iii. **Core List:** In a Catalog Priced solicitation, a category (i.e., office supplies) may include a "core list" which contains a selection of the most commonly used products/services with the expectation that a deeper discount would be bid for these items. If a new catalog and price list are published during the contract term, the original discounts must be applied to the newly published prices to establish the AEPA price for these core items.
 - iv. **Product Addition/Discontinuation:** New products, within the same scope of work, may be added at the established percentage discounts at any time. Discontinued products may be dropped at any time during the year. In the event a Core item is discontinued by the manufacturer during the term of the contract, Vendor Partner is required to add a functionally equivalent substitute at the same discount structure.
- b. **Line-Item Pricing:** Line-item pricing is utilized when products and/or services that are broken down in detail by element, component, product categories, product type, and each product and/or service is presented as an individual item which needs to be combined with other items to make up a final project or solution. The Respondent offers firm pricing for specific line items in response to this bid; a project's cost is derived by the Vendor Partner preparing and providing a quote based on the project's terms, conditions, and requirements based on the line-item pricing provided in the bid. The information provided in this bid for each item includes: Product Category, Product Description, Manufacturer, Manufacturer SKU, Vendor SKU, Unit of Measure, Item List Price, AEPA Bid Price.
- i. **Fixed prices:** Prices bid must be firm until each anniversary date of the contract, unless there is an occurrence of one or more economic price adjustment contingencies outlined in the bid. Fixed price offers must include prices for any and all items.
 - ii. **Routine Price Adjustments (Without Economic Price Adjustment):** Vendors may request adjustments to the prices by submitting a fully documented written request to the AEPA Category Committee Chairperson. The request must specifically detail and document the cause and/or reason for price changes and include any supporting documentation (manufacturer's letter, indexes, etc.). All price changes require approval by the AEPA Category Committee.
 - iii. **Unpredictable Economic Price Adjustment:** If economic price adjustment contingencies occur, Vendor Partner may submit a fully documented request (manufacturer's letter, indexes, etc.) for a price adjustment to AEPA Category Committee for review and approval by the committee. The documentation must

substantiate the cause and/or reason for the requested price increase and demonstrate that it was unpredictable at the time of bid submittal and/or contract renewal and out of the Vendor Partner's control. Pricing will take effect upon approval.

- iv. **New Products/Services:** Vendor Partner may submit new products or technologies that are within the original scope of work for the bid, to be added to the contract pending review and approval of the AEPA Category Committee. Requests should be submitted to the AEPA Category Committee for review and written approval.
- c. **Automated System for Pricing (ASP):** The method consisting of an ASP and/or software application (e.g., RSMeans) that is self-contained and consists of a turn-key solution that includes a complete line-item listing of all of the products, supplies, materials, equipment, services, accessories and options with their description, specifications, terms, conditions and associated pricing for each item, sub-assemblies and/or assemblies. The Bidder provides a percent of discount or fixed multiplier/factor to be applied to total project cost to allow for individual state conditions and requirements and to arrive at the AEPA price.
- d. **RSMeans (Construction Related Bids only):** It is important for Vendor Partners to breakout all costs (quantity and price) of all items listed under RSMeans or an Alternative Pricing method. This includes all quoted items not on the approved AEPA bid submittal. The following are minimum requirements for using RSMeans for quoting projects to AEPA Member Agencies:
 - i. The Contractors must use the current year and standard cost data. Only the following cost data titles will be excepted:
 - a. Building Construction Cost Data Book
 - b. Facilities Construction Cost Data
 - c. Facilities Maintenance & Repair Cost Data
 - d. Site Work & Landscape Cost Data Book
 - ii. All work proposed under RSMeans must use RSMeans format, even if subcontractors are used.
 - iii. An RSMeans spreadsheet must be submitted to substantiate the quote given to the AEPA Member Agency. The spreadsheet columns must reveal the full RSMeans number and a sufficient amount of the description. This also applies to change orders.
 - iv. Pricing must be done by Location codes. National Average will not be allowed. To choose the "closest" location code, the first three (3) numbers of the zip code will be used to determine the city location index in the AEPA Member Agency State.
 - v. The AEPA contract holder factor, bonding cost, AEPA discount, and taxes if applicable must be shown as separate line items at the bottom of the RSMeans spreadsheet. This information can be shown on a separate summary sheet. The summary sheet must start with the RSMeans spreadsheet total and show the detail for each of the items stated above. This detail will be provided to that AEPA State Agency and the AEPA Buyer as required.
 - vi. All change orders which list items covered by RSMeans must be supported by an RSMeans spreadsheet.
- e. **Alternative Method of Costing:** This method covers any product and/or service not covered by catalog pricing, published price list, line-item price list, automated system for pricing, or is a product and/or service due to the projects or applications specifications, conditions and /or requirements that need to be custom-designed, developed, manufactured and/or produced to meet the requirements of an individual, project, or sole source. The alternative pricing is calculated as follows:
 - i. The Bidder must prepare, issue, and receive three written quotes from available suppliers and select the supplier that offers the products and services that meet

the stipulated requirements and specifications, offers the best value, and the most cost-effective solution.

- ii. All quotes must be made available upon request.
- iii. The Bidder must indicate the percent of overhead and /or markup as part of their response to be added to these costs to obtain the normal and customary retail price.
- iv. The AEPA price is calculated by taking the product and services to cost to the Contractor plus the indicated percent of profit/overhead to equal the normal and customary retail price. The Contractor will then subtract the approved AEPA discount to obtain the AEPA price. Example: item cost \$1,000; percent of profit/overhead of 20% equals retail price of \$1,200; less the AEPA discount of 10% or \$120 equals the AEPA price of \$1,080.

2. **Secondary Pricing Methods (Catalog based solicitations only, see Part B for category designation):** Respondents are required to offer Customized Price Lists (Catalog solicitations ONLY) and encouraged to offer Hot Lists and Volume Discounts as follows:

- a. **Customized Price List:** Respondents are required to offer customized price lists to Participating Entities for items within the Vendor Partner's Commercially Available Catalog for Catalog solicitations ONLY (not pertinent to Line-Item Bids). Customized price lists must be allowed under the following conditions:
 - i. Items within the Vendor Partner's Commercially Available Catalog may be included on the customized price list providing they are not already on the Core Item list.
 - ii. Items are to be determined by the Participating Entity; Vendor Partner may object to up to ten (10) of the suggested items proposed by the customer and must offer substitutes until an agreement of the customized list is reached.
 - iii. Items on the customized price list must be sold with an additional discount (deeper than what was originally bid on the non-core or catalog discount)
 - iv. Items may not include special order or customized service products unless agreed to by the Vendor Partner.
- b. **Short Term Pricing Reductions/Incentives and Regional Promotions:** Respondents are invited, at their option, to offer a selection of products/services at greater discounts than those listed in the standard catalog or core list discounts. Special time-limited reductions are permissible under the following conditions:
 - i. The price reduction is for a specific period, no less than thirty (30) days.
 - ii. The reduction/incentive may be used to discount and liquidate close-out and discounted products/services if those items are clearly labeled as such.
 - iii. The original price for products/services is not exceeded after the time limit.
 - iv. The AEPA Category Committee and any affected AEPA Member state must be notified of any special or time-limited price reduction.
 - v. New prices must be on record fifteen (15) days prior to any offer of the new priced being proposed or offered to AEPA Member Agencies and Participating Entities.
 - vi. Pricing for all items must be submitted to all affected AEPA Member Agencies in an electronic format so that specials can be posted to websites, emailed, and shared with Participating Entities/Buyers.
- c. **Volume Price Discounts:** Respondents are encouraged to offer additional pricing discounts that may be offered for a group of agencies in a local geographic area that desire to combine requirements (one-time purchase or annual spend), i.e., local city, county, school district(s), etc. and/or for large one-time purchases. Additional volume price discounts are permissible under the following conditions: Discounts should be tiered and based on spend ranges as established by the Bidder on the Pricing Forms. Volume determination must be determined between the Vendor Partner and the individual Buyers on a case-by-case basis. All additional discounts are to be offered equally to all AEPA Member Agencies and Participating Entities and be based on the Volume Price Discounts originally bid providing the same or similar volume commitment, specific needs, terms and conditions, a similar time frame, seasonal considerations and provided the same manufacturer support is available to the Vendor Partner.

3. **Proposal Pricing:** For services priced through an AEPA Request for Proposal, vendors may respond with a discount off labor and material costs. Labor must be sufficiently itemized by title and include total rate (salary and fringe). Material costs must be itemized. Any Vendor Partner awarded under a time and materials pricing strategy must provide a “not to exceed” project quote to the purchasing Agency for work approval.

Prime Vendor Partner: For the purpose of this solicitation, a Vendor Partner will be considered a prime Vendor Partner and not a Subcontractor. Any Vendor Partner paid directly by the AEPA Member Agency or Participating Entity is a prime Vendor Partner; a Vendor Partner pays a Subcontractor. 10. **Product Specifications:** This solicitation is designed to enable a Respondent to satisfy a requirement for a commodity, supply, material, equipment, software, process, or service. A specification may be expressed as a standard, a part of a standard, or independent of a standard; by specifying a manufacturer's brand and model. No specification is intended to unnecessarily limit competition by eliminating items capable of satisfactorily and/or meeting the actual needs of the procurement. When a brand name product is specified and is only available for a single source, Respondents are encouraged to offer alternative products that they believe to adhere to and comply materially, functionally, and operationally equal to or better than the brand name product specified. **Any Respondent believing a specification is unnecessarily restrictive, must indicate such in the form of a question during the solicitation process and prior to solicitation due date.** The fact that a manufacturer or supplier chooses not to produce or supply the commodity, supply, material, equipment, software, or services to meet these specifications will not be considered sufficient cause to adjudge these specifications as restrictive. If the Respondent deviates from these specifications, reasons must be stated for such deviation and state why, in their opinion, the commodity, supply, material, equipment, software, or services they bid will render equivalent reliability, coverage, performance, and/or service. Failure to detail all such deviations may comprise sufficient grounds for rejection of the entire offer.

In the event that a demand is made, and no written assurance is given within ten (10) days, the demanding party may treat this failure as an anticipatory repudiation of the contract.

Right to Request Additional Information: AEPA, and its respective representatives, reserves the right to request any additional information during the procurement process that might be deemed necessary to better understand the submitted solicitation response including, but not limited to, clarifying questions. Respondents may be requested to submit such answers in writing but will not be allowed to change or alter their offer.

Term of Contract and Extensions: The initial term of the contract must be for up to fifteen (15) months and will commence on the date as indicated by each Participating Member Agency on the Acceptance of Solicitation and Contract Award (Form B). The contract must continue in accordance with the dates stipulated in the solicitation and Timeline schedule located in Part A of this solicitation unless terminated, canceled, or extended. By mutual written agreement, the contract may be extended for three additional 12-month periods, ending on the last day of February. AEPA may choose to recommend the contract extension. If so recommended, an individual Member Agency may choose, at their sole discretion, to extend the contract. In the event AEPA does not recommend or approve a contract extension, a Member Agency reserves the right to offer month-by-month extensions not to exceed six (6) months until a new contract is awarded by that Member Agency.

Termination by Non-Approval of AEPA: AEPA Member Agencies on annual basis assess, evaluate, and review existing AEPA vendors to determine if the organization as a whole desire to extend its approval of those vendors. If an existing AEPA vendor's approval is not extended for an additional term, the AEPA Member Agencies can not extend the dis-approved vendor's contract. (See Term of Contract and Extensions)

Termination by AEPA Member Agency: An AEPA Member Agency may cancel any contract secured by the solicitation without any further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the AEPA Member Agency is or becomes, at any time while the contract or any extensions of the contract is in effect, an employee of, or a consultant to any other party to this contract with respect to the subject matter of the contract. Such cancellation must be effective when the parties to this contract receive written notice from the AEPA Member Agency unless the notice specifies a later time. Cancellation by one AEPA Member Agency does not require other Agencies to cancel their contracts.

Termination for Convenience: AEPA Member Agency reserves the right to immediately terminate this contract, without penalty or recourse, in whole or in part, if the AEPA Member Agency determines that termination is in the best interest of Participating Entities. The Vendor Partner, after receipt of a "Notice of Termination," must not accept any new orders after the termination date specified in the notice. Any termination must not affect projects that are in progress at the time the cancellation is received by the AEPA Member Agency. Vendor Partner must be entitled to receive just and equitable compensation in accordance with applicable contract pricing for work in progress, work completed, and materials accepted before the effective date of the cancellation. The Vendor Partner will not be reimbursed for any anticipated profit. The AEPA Member Agency reserves the right to cancel, or suspend the use thereof, any contract resulting from this SOLICITATION if the Vendor Partner files for bankruptcy protection or is acquired by an independent third party. Vendor Partner may cancel this contract upon written notice to the AEPA Member Agency prior to the intended termination date (or on the yearly anniversary of the

solicitation). Any termination must not affect projects that are in progress at the time the cancellation is received by the AEPA Member Agency.

Termination for Default: If either party is in default under this contract, it must have an opportunity to cure the default within the time indicated (ten business days in most states) after it is given written notice of default by the other party, specifying the nature of the default. Upon receipt of the notice of default, the defaulting party must have ten business days to provide a satisfactory response to the AEPA Member Agency. Failure on the part of the defaulting party to adequately address all issues of concern may result in contract termination. If the default is not cured within the time specified in the notice of default, the non-defaulting party must have the right, in addition to all other remedies at law or equity, to immediately terminate this contract. Failure to complain of any action, non-action or default under this Agreement must not constitute a waiver of any of the parties' rights hereunder. The AEPA Member Agency reserves the right to terminate this contract, or any part hereof, for cause in the event of any default by the Vendor Partner, or if the Vendor Partner fails to comply with any contract terms and conditions, or fails to provide the AEPA Member Agency, upon request, with adequate assurances of future performance. In the event of termination for cause, the AEPA Member Agency must not be liable to the Vendor Partner for any amount for supplies or services not accepted, and the Vendor Partner must be liable to the AEPA Member Agency or any Participating Entity for any and all rights and remedies provided by law. If it is determined that the AEPA Member Agency improperly terminated this contract for default, such termination must be deemed a termination for convenience. The AEPA Member Agency will issue written notice to the Vendor Partner for acting or failing to act in any of the following:

1. The Vendor Partner provides material that does not meet the specifications of the contract;
2. The Vendor Partner fails to adequately perform the services set forth in the specifications of the contract;
3. The Vendor Partner fails to complete the work required or to furnish the materials required within a reasonable amount of time;
4. The Vendor Partner fails to make progress in the performance of the contract and/or gives the AEPA Member Agency reason to believe that the Vendor Partner will not or cannot perform to the requirements of the contract;
5. The Vendor Partner fails to extend lower pricing that has been offered to another customer or cooperative that have equal or lesser volume.
6. The Vendor Partner fails to observe any of the terms and conditions of the contract;
7. The Vendor Partner fails to follow the established procedure for purchase orders, invoices, and receipt of funds as stipulated by the AEPA Member Agency.

Termination for Non-Appropriation: Any individual Buyer's procurement/contract covered by this solicitation and executed in accordance with the resulting contract may be terminated if insufficient appropriations and/or authorizations do not exist due to changes in state or federal law, or because of a court order, or because of insufficient appropriations made available to the Buyer's governing board and/or its State Legislature. Such termination will be effected by sending fifteen (15) days written notice to the Vendor Partner. The Buyer's decision as to whether sufficient appropriations and authorizations are available must be accepted by the Vendor Partner and must be final.

Title and Risk of Loss: The title and risk of loss of material or service must not pass to the Buyer purchasing the material or services until it receives the material or service at the point of delivery unless otherwise provided within this document.

Trade-in Equipment: Equipment for trade-in must be dismantled by the Vendor Partner and removed at its expense. The conditions of the trade-in equipment at the time it is turned over to the Vendor Partner must be the same as when the original agreement was made, except as affected by normal wear and tear from use between the time of the solicitation and the trade-in. Values placed on trade-in products are between the Buyer purchasing the new unit and the Vendor Partner.

Type of Solicitation: Due to the various types, kinds and levels of products and services solicited by AEPA in its solicitations; the various pricing methodologies and/or methods utilized and offered to price the various products and services offered; and the type of contracts that results from any one of AEPA's solicitations, AEPA has established the following types of solicitations.

1. **Catalog Bid:** A catalog bid is utilized when the products and /or services solicited are clearly identified with set and specific characteristics, attributes, and configurations that are identifiable as a stand-alone single unit and can be listed and priced as a single unit with options that can be added to enhance and/or improve its operation and functionality. The Bidder offers a fixed discount(s) off retail price or prices in a Commercially Available Catalog. The discounts may be for the entire Catalog for specific products, product lines, manufacturers, or category of products as determined by the Bidder. See the Pricing section for detailed information on Catalog pricing.
2. **Line Item Bid:** A Line-item bid is utilized when the products and services solicited cannot be identified or listed as a single unit; consists of a number of different variable and configurations, it is necessary to identify the specific project or application; the end product or solution is made of individually priced elements or components and the end product's or solutions' cost is derived by the Vendor Partner specially prepared and providing a quote based on the project's terms, conditions and requirements. See the Pricing section for detailed information on Line-Item pricing.
3. AEPA also uses Request for Proposal (RFP) for certain service/goods categories in accordance with AEPA bylaws and procedures.

Vendor Partner: Respondent who has been approved and awarded a contract for the delivery of construction, tangible personal property, supplies, or services in response to this solicitation.

Vendor Partner Contact: Vendor Partner will designate one individual who will represent them to the AEPA, its AEPA Member Agencies during the contract period. This contact person will correspond with each AEPA Member Agency for technical assistance, problems, or questions that may arise. If other staff, distributors and/or independent Vendor Partners will be performing the sales or support functions for different geographical areas (states), Vendor Partner must include instructions and contact information that can be distributed to AEPA Member Agencies upon approval of this bid.

Warranty: Vendor Partner warrants that all commodities, supplies, materials, equipment, software, and service delivered under this contract must conform to the specifications of this contract. All items should carry a warranty equal to the intended life cycle or a minimum 12-month manufacturer's warranty that includes parts and labor unless otherwise specified and agreed to. The manufacturer has the primary responsibility to honor a manufacturer's warranty; a distributor or dealer agrees to assist the purchaser to reach a solution in a dispute with the manufacturer over a warranty's terms. Any extended manufacturer's warranty will be passed on to the Buyer. For example, if a voice board has a three-year warranty, but the board is in a turnkey system that has a one-year warranty, the voice board's three-year warranty must be honored by the manufacturer and the Vendor Partner. All extended warranties must be passed on, without exception. If upon discovery, the Vendor Partner charges a Buyer for a replacement part that the Vendor Partner actually received at no cost under a warranty, the Vendor Partner will rebate the amount billed and the Buyer reserves the right to cancel the contract.

9.1.5.	Delivery tickets or packing slips must accompany all deliveries. The slip shall contain the Member Agencies purchase order number, Vendor name and the list of items delivered. Cartons shall be identified by purchase order number and Vendor name.

10. Pricing

AEPA has identified and stipulated the type of bid and the pricing methodologies that are to be utilized to price and submit bid prices. The Vendor Partner agrees that the cost for any item bid or offered on this contract will be uniform for all states, and that any differences in pricing are due to state specific installation and labor costs, AEPA Member Agency's Administrative Fee, or other approved reasons. The Bidder must provide their pricing as requested utilizing the various pricing methodologies specified. **The Bidder/Vendor Partner must agree that they will offer prices equal to or better than what they ordinarily offer to individual entities or cooperatives with equal or lesser volume.** Please note the following that relate to pricing:

1. **Primary Pricing Strategies:** All Bidders will be required to submit "Primary Pricing" in the form of either "Catalog Pricing" or "Line-Item Pricing" or a combination of these two pricing strategies as defined in Part B, bid specifications. Bidders are also encouraged to offer OPTIONAL pricing strategies including "Hot List" and "Volume Discounts".
 - a. **Catalog Pricing:** Catalog pricing is utilized when the products and/or services solicited are clearly identified with set and specific characteristics, attributes and configurations that are identifiable as a stand-alone single unit and can be listed and priced as a single unit with options that can be added to enhance and/or improve its operation and functionality. The Bidder offers a fixed discount(s) off retail price, catalog price, published price or list price. The discounts may be for the entire commercially available catalog, for specific products, product lines, manufacturers or category of products as determined by the Bidder.
 - i. **Discounts:** Discount offers must clearly identify percent of discount to apply to a commercially available catalog, manufacturer, MSRP, retail or nationally published price lists. Bidders shall identify and stipulate if the discounts apply to the entire catalog/price list, specific product lines, manufacturers and/or categories of products. Bidder shall agree that there will be no reduction in discount(s) during the term of the contract.
 - ii. **New Catalogs/Price Changes:** New catalogs and corresponding nationally published price lists may be submitted throughout the term of the contract and shall be submitted to the AEPA Category Committee for review prior to release to all AEPA Member Agencies. Prices

may change based on manufacturer's price changes, new published pricing or price lists, but the original discount bid shall remain firm for the duration of the contract.

- iii. **Core List:** In a Catalog Priced bid, a category (i.e. office supplies) may include a "core list" which contains a selection of the most commonly used products/services with the expectation that a deeper discount would be bid for these items. If a new catalog and price list is published during the contract term, the original discounts shall be applied to the new published prices to establish the AEPA price for these core items.
- iv. **Product Addition/Discontinuation:** New products, within the same scope of work, may be added at the established percentage discounts at any time. Discontinued products may be dropped at any time during the year. In the event a Core item is discontinued by the manufacturer during the term of the contract, Vendor Partner is required to add a functionally equivalent substitute at the same discount structure.

2. **Secondary Pricing Methods (Catalog Bids only, see Part B for category designation):** Bidders are required to offer Customized Price Lists (Catalog Bids ONLY) and encouraged to offer Hot Lists and Volume Discounts as follows:

- a. **Customized Price List:** Bidders are required to offer customized price lists to Participating Entities for items within the Bidder's Commercially Available Catalog for Catalog Bids ONLY (not pertinent to Line Item Bids). Customized price lists shall be allowed under the following conditions:
 - i. Items within the Vendor Partner's Commercially Available Catalog may be included on the customized price list providing they are not already on the Core Item list.
 - ii. Items are to be determined by the Participating Entity; Vendor Partner may object to up to ten (10) of the suggested items proposed by the customer and must offer substitutes until an agreement of the customized list is reached.
 - iii. Items on the customized price list shall be sold with an additional discount (deeper than what was originally bid on the non-core or catalog discount)
 - iv. Items may not include special order or customized service products unless agreed to by the Vendor Partner.
- b. **Hot List Pricing:** Bidders are invited, at their option, to offer a selection of products/services, defined as a Hot List, at greater discounts than those listed in the standard catalog or core list discounts. Special, time-limited reductions are permissible under the following conditions: The price reduction is available to all AEPA Member Agencies equally. The price reduction is for a specific time period, no less than thirty (30) days. May be used to discount and liquidate close-out and discontinued products/services as long as those items are clearly labeled as such. The original price for products/services is not exceeded after the time limit. The AEPA Oversight Committee and all AEPA Member Agencies shall be notified of any special or time limited price reduction. New prices must be on record fifteen (15) days prior to any offer of the new prices being proposed or offered to AEPA Member Agencies and Participating Entities. Pricing for all Hot List items must be updated on the Vendor Partner's online catalog and submitted to all AEPA Member Agencies in an electronic format that can be posted to websites, emailed and shared with Participating Entities/Buyers.
- c. **Volume Price Discounts:** Bidders are encouraged to offer additional pricing discounts that may be offered for a group of agencies in a local geographic area that desire to combine requirements (one time purchase, or annual spend), i.e. local city, county, school district(s), etc. and/or for large one time purchases. Additional volume price discounts are permissible under the following conditions: Discounts should be tiered and based on spend ranges as established by the Bidder on the Pricing Forms. Volume determination shall be determined between the Vendor Partner and the individual Buyers on a case-by-case basis. All additional discounts are to be offered equally to all AEPA Member Agencies and Participating Entities and be based on the Volume Price Discounts originally bid providing the same or similar volume commitment, specific needs, terms and conditions, a similar time frame, seasonal considerations and provided the same

manufacturer support is available to the Vendor Partner.

3. Part F - Pricing Workbook

- a. This bid category does not have a Core Item List.
- b. Pricing shall be completed on the provided pricing sheets (Microsoft Excel Workbook) with the individual tables to be completed as follows:
 - i. F.1 – Catalog Discount (Required)
 - ii. F.2 – Price Schedule. You may also upload separate spreadsheets as long as they contain the minimum information as described on F.2 (Required)
 - iii. F.3 – Services Price Schedule (Optional)
 - iv. F.4 – Volume Discounts (Optional)
- c. The Catalog Category Discount and the Core Items award will not be split.
- d. Bid pricing will be evaluated on a combination of items from both the Core List and Non-Core List Price Schedules. Pricing evaluation may include other considerations, including the total cost of the acquisition and whether the Proposer’s offering represents the best value. See Evaluation, Approval and Award in Part A – Terms and Conditions for additional information.

11. Evaluation

The AEPA Committee for this category will evaluate bid responses based on the entire response, and according to the criteria detailed in Part A for AEPA’s definition of Responsive and Responsible bids.

As a part of the process of determining responsible respondents, the category committee may request reports that describe the financial soundness of your organization. You may be asked to include a third-party report or reports that demonstrate your firm’s strength. Accepted financial reports may include balance sheets and Profit & Loss statements for the past three years, a Letter of Credit or Line of Credit from a bank or lending institution indicating the line of credit limit and the average outstanding balance, Dun & Bradstreet reports, a complete Annual Financial Report (for publicly traded companies).

A recommendation may be made to recommend a single response, or to recommend multiple bidders based on differentiation of product or service between bidders. AEPA will vote as a whole to accept or not accept a committee’s recommendation. Once accepted, each recommended bid response will go to the individual states for contract approval. Please note, pricing evaluation may include other considerations, including the total cost of the acquisition and whether the Proposer’s offering represents the best value. The evaluation committee may consider such factors as life-cycle costs, total cost of ownership, quality, and the suitability of an offering in meeting AEPA members’ needs.

4. State Specific Terms and Conditions

1. California, Monterey County Office of Education (MCOE) – for the Programs CalSave and CalBuy

1. Governing Law and Venue

As described in Part A of bid Terms and Conditions, the laws of the State of California govern the Contract and prevail in the interpretation and administration of the Contract. California-specific Terms and Conditions prevail over any General Terms and Conditions. Each and every provision of law and clause required by law to be included in the Contract shall be deemed to be inserted herein, and the Contract shall be read and enforced as though it were included. If through mistake or otherwise any such provision is not included, or is not currently included, then upon application of either party the Contract shall be physically amended to make such inclusion or correction.

The venue for any litigation arising out of or related to the Contract shall be with either the Superior Court in and for the County of Monterey, State of California or the Federal District Court for the Northern District of California, San Jose Division.

2. Authority

For California, this bid is issued under the authority of the elected Monterey County Superintendent of Schools administering MCOE located at 901 Blanco Circle, Salinas California, 93912. In this document, MCOE may be referred to as Agency, being distinct from other parties who may use this Contract who are hereinafter referred to as Local Education Agencies (LEAs), regardless of their hierarchy or their political and organizational status as schools or municipalities.

3. CalSave and CalBuy, Administration, and Agent

Contracts awarded and Awarded Contractors/Vendors will automatically be part of the CalSave program, which also may be known as the CalBuy program., By bidding a Vendor must agree to participate. CalSave is cooperative purchasing program founded by MCOE and administered by the Epylon Corporation under an agreement with MCOE.

MCOE is the lead agency for all contracts, and MCOE is the authority for the solicitation, evaluation and award of all contracts. Epylon serves as MCOE's agent, but only MCOE has the authority to award contracts. Correspondence and communication related to the Contract award or administration of the program should be directed to Epylon, 630 San Ramon Valley Blvd., Suite 210, Danville, CA 94526.

MCOE reserves the right to change agents or to change the contact name of existing Agent's personnel administering the Contract. If Agent or Agent's personnel change, awarded Contractors/Vendors will be notified with new instructions.

4. Transaction Fees

Transaction Fees are the funding source for the operation of the self-supporting CalSave cooperative purchasing program. Awarded Contractors/Vendors shall be required to pay a Transaction Fee for all purchases by LEAs made through the awarded Contract. For the purpose of this bid through MCOE and all Contracts awarded using this document, the Transaction Fee shall be two percent of Net Sales, which means gross sales less returns and cancelled orders within 30 days, shipping and sales and other taxes (excluding taxes based on net income). Transaction Fees will not be charged to or paid by the buyers themselves. Neither awarded Contractor/Vendor nor its designated authorized reseller(s) shall include any additional amount corresponding to the Transaction Fees in the awarded Contract prices. This Transaction Fee applies to all orders, regardless of the method used to submit the order, or the quantity or dollar amount of the order.

Epylon will collect the Transaction Fee on behalf of the CalSave program. The Contractor/Vendor will make all participation fee payments within two weeks after sending the quarterly report. Checks are to be made payable to the Epylon Corporation and sent to 630 San Ramon Valley Blvd., Suite 210, Danville, CA 94526.

5. Non-Conforming Jurisdictions

The Transaction Fee shall not be authorized to be charged to awarded Contractors/Vendors for sales within any jurisdiction where prohibited by law or local-government policy. Instead, the cost of products, services, licenses and goods sold under this Contract in such jurisdictions shall be the same as for all school districts in all other counties of California. However, any LEA using this Contract where Section 4 fees are not permitted shall be required to pay a 2 percent fee for use of the Contract, imposed by MCOE on the authority of Public Contract Code §20118 and §20652, which allows MCOE to charge reasonable costs to the public corporation or agency for furnishing the services incidental to the purchase of items under Contract.

6. Reports

The Contractor/Vendor will compile a quarterly report listing each purchase made by participating agencies under this Contract, and send them by the 15th of April, July, October, and January to Racquel Landolf with the email address of rlandolf@epylon.com. These reports shall be in Microsoft Excel format and shall have file names that identify the Contractor/Vendor and the month being reported. The file at a minimum shall include the fields listed below and shall allow for sorting on any of these fields:

- Date of Order
- Name of Participating Agency or Other Agency (LEA)
- Description of Item and Services Purchased

- Manufacturer's SKU Number
- Quantity or Job Order Units
- Contract Unit Price
- Extended Price
- List Price Before AEPA Discount

7. Length of Term

The term of the agreement shall commence on the date of the award and continue as stipulated in General Terms and Conditions, unless terminated, canceled, or extended. Contract may be terminated by MCOE if LEAs have not used the Contract in any 12-month period, or if orders from participating LEAs do not total \$10,000 in any 12-month period. California statutory term limits and extensions shall apply. In no case will the Contract be in force for more than three years at one time.

8. Marketing and Advertising Under This Agreement

Vendor will actively promote the use of this Contract by LEAs in California. Vendor must comply with the marketing plan offered as part of its bid submission. Unless other arrangements are made with the CalSave Administrator, Vendor also agrees to perform the following:

- Include the approved CalSave logo and web address in all print, electronic mail and other advertising and promotion intended for release to California K-12 schools, excluding national marketing releases.
- Provide CalSave with a copy or proof sheet of the advertisement or promotion material. Vendor will provide CalSave with date of release and name of publication, journal, etc.
- Place a CalSave Vendor sign on booths, tables, etc. of any or all exhibits for which the Vendor displays/participates at California tradeshow, conventions and the like.
- Insert the approved CalSave logo and web address on any Vendor's web site promoting the Contract or a specific CalSave landing page and providing a link to the CalSave website.
- Supply product catalog information, product description, pricing, etc., in a spreadsheet format as specified by CalSave for inclusion on the CalSave website.
- Agrees to cooperate in developing appropriate website content to promote its products, services and their advantages to school districts.
- Send requested materials to CalSave within 30 days.

9. Conformance to Public Contract Code §20111

An award by the Monterey County Superintendent of Schools under this solicitation will be for the purchase of equipment, materials, supplies, services or repairs to be furnished, sold, or leased in accordance with Public Contract Code §20111 and §20650 or other California code sections as may be allowed by law. Awards shall include allowance for installation and assembly services incidental and necessary to the use of the equipment, materials, supplies and repairs purchased or leased.

10. Conformance to Public Contract Code §20118 and §20652

All public agencies (LEAs) are authorized by law to purchase off a contract awarded by an agency that has itself gone to bid, including all K-12 schools districts, community college districts, special districts and JPAs serving education, pursuant to Public Contract Code §20118 and §20652. Using these statutes, the MCOE hereby declares its intent and authorization to make all contracts awarded under this Contract "piggybackable" by other agencies in the state. The Agency waives any right to receive payment from other California agencies making purchases off the awarded contracts and those agencies will make payment directly to the vendors. Any legislative changes to Public Contract Codes §20118 and §20652 during the term of the Contract(s) with Award Vendor(s) shall apply to the Contract(s) immediately when such changes become law.

11. Piggyback and Standard School Supply & Equipment Authority

MCOE declares that items, materials, personal property, equipment and licenses under Contract as a result of this Invitation to Bid will qualify as items to be included within its Standard School Supply and Equipment List. Because many County Offices of Education have banded together to create both the EdBuy and the CalSave programs for the purpose of collectively creating both a standard School Supply & Equipment List and cooperative contracts, the items solicited and awarded through this bid may also constitute a portion of an official Standard School Supply and Equipment List for other participating County Offices of Education and County Superintendents of Schools. Purchases by other County Offices of Education and LEAs may be made, not only in accordance with Public Contract Code §20118 and §20652, but also in accordance with Education Code §38110 and §38112 dealing with cooperatives and Standard School Supplies & Equipment.

12. Intended for Personal Property

An award by the MCOE under this solicitation will be for the purchase of equipment, materials, supplies, services or repairs to be furnished, sold, or leased in accordance with Public Contract Code §20111 and §20650. Awards shall include allowance for installation and assembly services incidental and necessary for use of the equipment, materials, supplies and repairs purchased or leased. When any services or repairs fall into a category of Public Works as defined in Public Contract Code §22002, an LEA may be required to conduct a separate bid for labor and services but may use this Contract for an unlimited dollar amount for any supplies, materials, equipment or personal property to be staged and ready for use in a local Public Works project.

13. Public Works Limitations

When Public Works services cost \$15,000 or more, an LEA, under most situations, must bid itself independently for the services and labor related to the public work, but may use this Contract for the contracted supplies, material or equipment related to the project. If circumstances allow, LEAs may also combine this competitively bid Contract with other alternative authorities for Public Works projects as may be allowed by law, such as Public Contract Code §22030, Education Code §17406 or Government Code §1466. LEAs may consult with their own legal counsel to see if such statutes apply to their Public Works projects.

14. Job Order and Unit Price Contracting

Notwithstanding, Sections 9 through 13, the Awarded Contractors/Vendors and any authorized resellers or subcontractors, may extend bid pricing to other agencies in California, including school districts, community colleges, state colleges, cities, and counties to the extent allowed by law under Job Order Contracting statutes, including but not limited to Public Contracts Codes §20919.20 through §20919.33, §20665.20 through §20665.35 and §10710. Agency allows any school district, college, or agency to use this Contract and its competitively bid unit pricing as an alternative to other contracting procedures that the school district or agency is otherwise authorized or required by law to use. In using this Contract and pursuing a job-order-contracting project, a participating agency is obliged to conform to contracting steps spelled out in their respective code sections, state college trustee policies, or local board policies including but not limited to Public Contracts Codes §20919.20 through §20919.33, §20665.20 through §20665.35 and §10710.

Agency allows any school district, college, or agency to use this Contract and its competitively bid unit pricing as an alternative to other contracting procedures that the school district or agency is otherwise authorized or required by law to use. In using this Contract and pursuing a job-order-contracting project, a participating agency is obliged to conform to contracting steps spelled out in their respective code sections, state college trustee policies, or local board policies.

15. Start Date

Once the award is made to the Contractor/Vendor and signatures have been placed on the Contract from both parties, the awarded Contractor/Vendor is authorized to begin selling to eligible agencies. MCOE will begin informing LEAs of the Contract once the Contract has been signed.

16. Posted Prices and Requests for Quotes

The awarded contractor/Vendor, in cooperation with MCOE’s agent, must make provision for LEAs to quickly ascertain bid prices by posting prices, posting a link or contact for prices, distributing catalogs and price lists, responding to requests for quotations, or participating in eCommerce. (The 2 percent Transaction Fee on all sales is a cost of doing business to the Vendor and the requirement for the fee is publicly disclosed in these bid documents for the edification of all buying agencies and LEAs. Transaction fees should not appear as a line item on a quotation or on listed bid pricing. The final price quoted or displayed must be inclusive of the participation fee on all pricing and quotations.)

17. Submission of Orders and Delivery

After entering into an agreement with MCOE, an LEA electing to use this Contract will enter into a Separate Contract with the Vendor by way of a purchase order or separate contracting document (“Separate Contract”). Purchase orders will be issued by participating LEAs to contractor/Vendor.

LEAs will fax or mail purchase orders directly to the CalSave office fax at (866) 488-3729), unless other arrangements have been made and agreed to by the CalSave Administrator. LEAs may also use Epylon eCommerce software for transmission of purchase orders. Standard business practice is for all purchase orders received by 3:00 p.m. Pacific Time to be logged and forwarded to the appropriate Vendor on the same day received unless unusual circumstances occur. It is the responsibility of the awarded/Vendor contractor to track any purchase order received directly from an LEA and to include that order on quarterly reports.

Awarded Contractor/Vendor will deliver goods, services and corresponding invoices directly to the participating LEAs and receive payments directly from the participating LEAs as per bid specifications.

18. Other Agencies Right to Purchase

CalSave is a self-supporting contracting program led by MCOE. Contracts are made available to all California public school districts, private and nonpublic schools registered with a county office of education or state Department of Education, charter schools, community college districts, eligible state agencies, non-profits (particularly those such as PTAs buying on behalf of schools or government), and any other agency allowed by law – all referred to as LEAs.

Subject to the following Terms and Conditions, MCOE consents to LEAs purchasing items at the same unit price(s) or pricing formula under the Terms and Conditions of this Contract, as may be authorized by §20118 and §20652 of the Public Contract Code or other legal authority:

- a) Any other agency (LEA) authorized by law to use this Contract for its own purchase(s) from the awarded Contractor/Vendor or their authorized resellers shall by default enter into a standard agreement with MCOE, which *inter alia* will include the terms, conditions, and information set forth in this paragraph A and paragraphs B through I below.
- b) After entering into a standard agreement with MCOE, an Other Agency electing to use this Contract will enter into a Separate

Contract or purchase order ("Separate Contract") with the contractor/Vendor. The Separate Contract is subject to and includes and/or incorporates all applicable terms of this Contract and the specific requirement that the awarded Contractor/Vendor comply with the provisions set forth in the paragraph regarding payment of the 2 percent Transaction Fee (or the non-conforming jurisdiction fee) to be collected by the Epylon Corporation. MCOE will not be a party to any Separate Contract but will be considered a third-party beneficiary of such Separate Contract.

c) The Awarded Contractor/Vendor understands and agrees that failure or refusal to comply with the provisions set forth in this agreement regarding payment of the 2 percent Transaction Fee in conjunction with any Separate Contract or any other use of this Contract by an "Other Agency" is grounds for cancellation of the Contract. The Contractor/Vendor also understands and agrees that if the Contract is cancelled for this or any other reason, MCOE may give notice of such cancellation by any other means appropriate to inform LEAs of that cancellation.

d) The MCOE waives any right it may have to require any LEA using this Contract to draw its warrants for the purchase(s) in its favor and consents to each agency making such payment(s) directly to the contractor/Vendor.

e) Sales tax and freight/shipping charges included in the Contract apply to the MCOE only. Additional sales tax and freight/shipping charges may be required on purchases by any LEA and are outside the scope of this Contract, unless specifically addressed elsewhere in Part A or Part B of the Terms and Conditions.

f) This Contract and any Separate Contract are for the purchase of the items covered by Contract. An LEA may, however, exercise its authority under Education Code §17597 or 81645 or other legal authority to sell and lease back any item owned by, or to be owned by, it pursuant to any Separate Contract. The Contractor/Vendor agrees to take any and all actions requested by any LEA that are necessary to effect any such transfer, by way of example only, accepting payment under the Separate Contract from any third party to whom any such transfer is made.

g) Both the Contractor/Vendor and any LEA using this Contract agree that the MCOE makes no representation that use of this Contract by any Other Agency is, in fact, authorized by law. In this regard, the MCOE suggests that, at a minimum, Contractor/Vendor and any LEA considering such use consult with their own legal counsels before doing so.

h) Both the Contractor/Vendor and any LEA using this Contract agree to defend, indemnify and hold MCOE, the Monterey County Superintendent of Schools, and the Monterey County Board of Education and its members, as well as all of their respective officers, employees and agents, free and harmless from any claims, liabilities, costs, penalties, or interest arising out of any such use.

19. Conversion to a CMAS Contract

Because of its multiple-award provisions, this Contract may qualify for adoption as a California Multiple-Award Schedule contract. If the Vendor uses this MCOE Contract for the purpose of obtaining a separate CMAS contract from the State of California, the Vendor is responsible for paying both the CMAS fee and the two percent Transaction Fees described in Section I.4 for all orders submitted under the authority of the CMAS program. In exchange for this fee, the Vendor is given a license to use and duplicate MCOE/AEPA Terms and Conditions for the purpose of applying for a CMAS contract. Also, CalSave or CalBuy will post pricing allowing prospective buyers to check for pricing that is compliant with the MCOE Contract and CMAS requirements. Vendor must comply with MCOE's quarterly reporting requirements. Public records of sales through CMAS will be used to verify quarterly reports and sales made through the CMAS program.

Other agencies and out-of-state agencies and LEAs may use the Contract as allowed by California Government Code §6502, which says, "If authorized by their legislative or other governing bodies, two or more public agencies by agreement may jointly exercise any power common to the contracting parties, even though one or more of the contracting agencies may be located outside this state. It shall not be necessary that any power common to the contracting parties be exercisable by each such contracting party with respect to the geographical area in which such power is to be jointly exercised. For purposes of this section, two or more public agencies having the power to conduct agricultural, livestock, industrial, cultural, or other fairs or exhibitions shall be deemed to have common power with respect to any such fair or exhibition conducted by any one or more of such public agencies or by an entity created pursuant to a joint powers agreement entered into by such public agencies."

2. Colorado, Colorado BOCES Association (CBA)

A. Additional Agency Terms and Conditions

Advertising: CBA will require a marketing flier, in electronic format, and timely updates from each vendor promoting the contract and AEPA/CBA relationship. CBA will assist in the development of the marketing flier and other appropriate materials which will include logos representing the vendor/AEPA/CBA. This flier will be for distribution and dissemination to all qualified customers through the CBA website and other appropriate and available methods.

Sales to Qualified Customers: Boards of Cooperative Educational Services (BOCES) in Colorado are legislatively created cooperative organizations directed by Colorado state statute 22-105 to serve all qualified agencies in a cooperative manner. BOCES are governed by publicly elected officials and by state and federal laws. No agency is obligated to use these services and contracts, but they find the benefits of low price and the satisfied bidding process most advantageous. Qualified agencies in Colorado include all public or private educational institutions, K-12 and higher education, all non-profit organizations, and all county or local governmental agencies. CBA requires that all participating vendors offer the Agency contract opportunities to all qualified customers.

B. Procedure for Processing Orders: Once the award is made to the vendor.

- CBA will inform its members of the contract by:
 - i.* Including the contract in the agency database that is available on the CBA website
 - ii.* Announcing the award through normal communication channels, CBA member presentations as well as regular electronic and direct mail communications.
 - iii.* Offering the opportunity to the vendor to publish their marketing information on the CBA website link to cooperative purchasing opportunities.
- A listing of CBA members, institutional names, contact names, addresses and phone numbers is available to the vendors through the CBA website. At this point the vendor must contact the members and qualified customers; and the customers have the right to contact the vendors directly. Note: CBA requires the awarded vendors to take ownership and actively promote the contract in cooperation with CBA to all members and qualified customers.
- When the customer identifies a desired product or service as available through the AEPA/CBA contract and agrees on price as presented to the customer by the awarded AEPA/CBA vendor, the customer then issues to the vendor a purchase order for that item or service.
- The awarded price must include an additional two percent (2%) administrative fee in the total cost (not as a separate line item), based on the total cost of goods and services including installation. This fee is to be forwarded by the vendor to CBA after the sale and payment is made to the vendor. Payment shall be made to CBA on a quarterly basis along with the complete sale report as specified in the general terms and conditions.
- The sale and transaction may continue without delay or anticipation of the CBA denial of said transaction.
- The administrative fee percentage (2%) is based on the total sale of goods and services including installation and must be included in the original cost quoted to the customer. In the event of a lease, the total administrative fee for the value of goods and services shall be paid to CBA by the vendor at the front end of the lease.
- Vendor makes all deliveries and installation of products and services. CBA does not warehouse items nor provide services.

3. Connecticut, Capitol Region Education Council (CREC)

A. ADDITIONAL MEMBER AGENCY GENERAL TERMS AND CONDITIONS

Affirmative Action - The Contractor must have an employment policy that there shall be no discrimination against anyone on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, physical disability or sexual orientation in the hiring, upgrading, demotions, recruitment, termination and selections for training, in any manner prohibited by the laws of the United States or of the State of Connecticut. The Contractor further agrees to be an "affirmative action-equal opportunity employer."

Applicability of Contract Provisions to Connecticut Participants - The Capitol Region Education Council (CREC) is the AEPA Member Agency. Any entity that uses the contract awarded by CREC under this document is referred to as a "Participant." The bidder that is awarded the contract by CREC is referred to as the "Contractor."

Conflict of Interest

The Contractor shall disclose any relationship with a CREC employee that would not be considered an "arms-length" or independent transaction, as described below. This disclosure must be made in writing to CREC for an evaluation. CREC will respond to this disclosure in writing.

A CREC employee (including independent contractors for purposes of this definition) placing an order or recommending a vendor must disclose any relationship with that vendor which would not be considered an "arms-length" or independent transaction. This disclosure must be made in writing to CREC for an evaluation. CREC will respond to this disclosure in writing.

For a transaction to be considered "arms-length" or "independent", a CREC employee should not be influenced, dependent upon, guided or controlled by a vendor into choosing that vendor, or item to purchase; nor should it appear to a third party that a CREC employee made a purchasing decision which appears to be based upon a personal relationship between the CREC employee and vendor.

The following are examples when a transaction is NOT considered arms-length or independent: (1) when there exists a personal relationship between a CREC employee and a vendor, (2) when there exists the potential for a personal benefit to a CREC employee, or (3) the parties to a business deal are dependent upon one another for "something" other than the purchase itself.

In addition, the Contractor shall, if given a copy of the potential Participant's conflict of interest policy, follow the process in that policy, or otherwise disclose to a potential Participant any relationship that would not be considered an "arms-length" or independent transaction with that Participant, as described above. This disclosure must be made in writing to the chief official (for example, the Superintendent at a board of education) at the potential Participant.

Determination of the existence of a conflict of interest does not prohibit CREC and/or a Participant from entering into the contract and purchase order, respectively.

Financing Arrangements - Any financing arrangements (including lease purchasing arrangements) will be made directly between the Contractor and a Participant. Financing arrangements may be subject to additional laws, rules and regulations, terms and conditions not described in this document and are subject to separate negotiation with each Participant that is interested in such an arrangement. Each Participant should seek its own legal advice prior to entering into a financing arrangement. CREC must receive a report annually summarizing the executed lease purchases along with the summary of the customer purchases. CREC will not collect lease payments or be involved in the terms and conditions of the lease. All lease arrangements are between the Contractor and the Participant only.

Freedom of Information Act - The Contractor acknowledges that CREC and some Participants are subject to the Freedom of Information Act, Connecticut General Statutes Sections 1-200 et seq., and submitted to CREC and/or such Participants may be made available to the public under the provisions of the Freedom of Information Act.

Incorporation of Bid Documents - The bid documents, including all appendices executed by Contractor that have been accepted by CREC (the "Bid") are specifically incorporated into this Contract.

Independent Contractor - The Contractor shall not be held or deemed in any way to be the agent or employee of CREC and/or a Participant. It is the intention of the parties that the Contractor shall be and is to be considered an independent contractor.

Modification to Bid Language in the AEPA Invitation for Bid - The Bidder by submitting its bid hereby declares that this Bid is made without any connection with any other person or persons making any proposal for the same items, that it is in all respects fair and without collusion or fraud and that no person acting for or employed by CREC or a Participant is directly or indirectly interested in the proposal or in the goods or services to which it relates, or in any portion of the profits therefrom.

With said construction-based project, the participating agency may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this solicitation and resulting Master Contract Agreement (i.e., project timeline, completion dates, progress payments, delivery requirements, invoice requirements, etc.). 18-4-401. Definitions. As used in this part, the following definitions apply:

(1) "Cooperative purchasing" means procurement conducted by or on behalf of more than one public procurement unit.

(2) "Local public procurement unit" means a county, city, town, or other subdivision of the state or a public agency of any such subdivision; public authority; educational, health, or other institution; to the extent provided by law, any other entity that expends public funds for the procurement of supplies and services; and any nonprofit corporation operating a charitable hospital.

(3) "Public procurement unit" means a local or state public procurement unit of this or any other state, including an agency of the United States, or a tribal procurement unit.

(4) "State public procurement unit" means a state department, agency, or official that expends public funds for the procurement of supplies and services.

(5) "Tribal procurement unit" means a tribal government, tribal entity, or official of a tribal government located in Montana that expends tribal funds or funds administered by a tribe for the procurement of supplies and services to the extent provided by tribal or federal law.

18-4-402. Cooperative purchasing authorized. The department may participate in, sponsor, conduct, or administer a cooperative purchasing agreement for the procurement of any supplies or services with one or more public procurement units in accordance with an agreement entered into between the participants independent of the requirements of part 3. Cooperative purchasing may include purchasing through federal supply schedules of the United States general services administration, joint or multiparty contracts between public procurement units, open-ended state public procurement unit contracts that are made available to local public procurement units, and competitive contracts established by for-profit, not-for-profit, or nonprofit cooperative entities. (emphasis added).

Note: Cooperative purchasing by local governmental entities may require entering into an agreement with the Montana Department of Administration. This requirement does not appear to preclude local entities from participating as members of purchasing groups.

C. Local governmental entities are authorized to enter agreements with each other in order to purchase cooperatively. 7-11-104. Authorization to create interlocal agreements -- issuance of bonds for joint construction -- hiring of

teacher, specialist, or superintendent. One or more public agencies may contract with any one or more other public agencies to perform any administrative service, activity, or undertaking or to participate in the provision or maintenance of any public infrastructure facility, project, or service, including the issuance of bonds for the joint construction of a facility under 20-9-404, the hiring of a teacher or specialist under 20-4-201 or a superintendent under 20-4-401, or the hiring of or contracting with any other professional person licensed under Title 37, that any of the public agencies entering into the contract is authorized by law to perform. The contract must be authorized and approved by the governing body of each party to the contract. The contract must outline fully the purposes, powers, rights, obligations, and responsibilities of the contracting parties. (emphasis added).

3. School and school district cooperative purchasing authority: Schools and school districts are specifically authorized to purchase cooperatively utilizing qualifying purchasing entities:

"A [school] district may enter into a cooperative purchasing contract for the procurement of supplies or services with one or more districts. A district participating in a cooperative purchasing group may purchase supplies and services through the group without complying with the provisions of [soliciting public bids and awarding a contract] if the cooperative purchasing group has a publicly available master list of items available with pricing included and provides an opportunity at least twice yearly for any vendor, including a Montana vendor, to compete, based on a lowest responsible bidder standard, for inclusion of the vendor's supplies and services on the cooperative purchasing group's master list." Section 20-9-204(4), Montana Code Annotated (emphasis added).

Note: Montana's AEPA member, Montana Cooperative Services, meets all of the statutory requirements of Section 20-9-204(4), MCA, with respect to cooperative purchasing groups.

Cooperative purchasing is another tool in the bag for local governmental entities, including school districts, to acquire services and supplies at better prices than may otherwise be available. Membership in MCS provides access to AEPA-approved vendors as well as in-state suppliers who have been carefully vetted for reliability and quality.

At this point, the Contractor may directly contact any potential New Jersey Participant and any potential New Jersey Participant may directly contact the Contractor.
2. Purchase orders will not be accepted or processed by ESCNJ. All business will be contracted directly with the New Jersey Participant, which will issue a purchase order and provide payment for the applicable good or service directly to the Contractor.
3. The total cost of ESCNJ's program is funded through a 2.0% participation fee paid to ESCNJ quarterly by the participating Contractors. The administrative fee percentage is based upon the total sale or lease of goods and services, including installation, if included. This fee shall be included in all price quotations to New Jersey Participants and shall not be printed as a line item on the quotation.
4. Along with the participation fee, the Contractor will produce and provide to ESCNJ quarterly reports ending March 31, June 30, September 30 and December 31 throughout the contract period. The reports shall be in Microsoft Excel and be available in electronic form, shall identify the Contractor and the quarter being reported, shall be delivered to ESCNJ on the 15th of the month, shall include a minimum of the fields listed below and shall allow for sorting on any of these fields:

CONFLICT OF INTEREST

An ESCNJ employee (including independent contractors for purposes of this definition) placing an order or recommending a vendor must disclose any relationship with that vendor which would not be considered an “arms-length” or independent transaction. This disclosure must be made in writing to the Business Administrator and/or Chief Financial Officer for an evaluation. The Business Administrator and/or the Chief Financial Officer will respond to this disclosure in writing.

For a transaction to be considered “arms-length” or “independent”, an ESCNJ employee should not be influenced, dependent upon, guided or controlled by a vendor into choosing that vendor, or item to purchase; nor should it appear to a third party that an ESCNJ employee made a purchasing decision which appears to be based upon a personal relationship between the ESCNJ employee and vendor.

The following are examples when a transaction is NOT considered arms-length or independent: (1) when there exists a personal relationship between an ESCNJ employee and a vendor, (2) when there exists the potential for a personal benefit to an ESCNJ employee, or (3) the parties to a business deal are dependent upon one another for “something” other than the purchase itself.

The Contractor shall disclose any relationship with an ESCNJ employee that would not be considered an “arms-length” or independent transaction, as described above. This disclosure must be made in writing to the Business Administrator and/or the Chief Financial Officer for an evaluation. The Business Administrator and/or the Chief Financial Officer will respond to this disclosure in writing.

In addition, the Contractor shall, if given a copy of the potential New Jersey Participant’s conflict of interest policy, follow the process in that policy, or otherwise disclose to a potential New Jersey Participant any relationship that would not be considered an “arms-length” or independent transaction with that New Jersey Participant, as described above. This disclosure must be made in writing to the chief official (for example, the Superintendent at a board of education) at the potential New Jersey Participant.

Determination of the existence of a conflict of interest does not prohibit ESCNJ and/or a New Jersey Participant from entering into the contract and purchase order, respectively.

Ordering Process: CES currently offers (4) four procurement/purchasing options: the “Traditional Method”, the “Online Ordering Method” through Contractor’s website and the “Direct Purchase Method” through the CES Blue Book and Leasing.

1. **Traditional method,** CES Members/ Participating Entities will submit signed purchase orders to CES at PO@CES.ORG. CES will then issue a purchase order to the Offeror. The Offeror must agree to never accept a purchase order directly from the CES Member/Participating Entity based on this procurement method. The purchase order you receive must be issued by CES.
2. **Online ordering through Offeror’s website,** which allows the CES Members/Participating Entities to go online and create an order through the Offeror’s system; the Offeror delivers the product/services; invoices the CES Member/Participating Entity; the CES Member/Participating Entity pays the Offeror; and the Offeror rebates the CES administrative fee to CES, unless an agreement to deviate from this process has been approved in writing by both parties.
3. **Direct Purchase:** For CES Direct Purchase the CES Member/Participating Entity makes their purchase order (PO) out to the Offeror and sends it to CES for contract compliance. CES will stamp the PO “Approved” and will forward the PO to the Offeror and Member. This will serve as the “authorization” for the Offeror to proceed with the purchase. Offeror will invoice the CES Member/Participating Entity directly and collect payment. CES will invoice Offeror the CES 1.25% administrative fee.
4. **Leasing:** The Offeror will rebate the CES administrative fee based on the full amount, of the lease upon payment to the Offeror by the leasing company. CES must be provided a copy of the lease agreement for compliance.

Patent and Copyright Infringement: Offeror will, at their expense, defend CES and its Members and Participating Entities against any claim that any equipment or software supplied hereunder infringe a patent or copyright in the United States, or a U.S. Territory, and will pay all costs, damages and attorney’s fees that a court finally awards as a result of such a claim. To qualify for such a defense and payment, CES will:

1. Give Offeror prompt written notice of any such claim after becoming aware of such claim.
2. Allow Offeror to control and fully cooperate with Offeror in the defense and all related settlement negotiations.

CES will be reimbursed for all expenses incurred by CES in fully cooperating with Offeror as specifically requested by contract. CES is not required to incur any expenses specified in this paragraph, which are not reimbursable, by the Offeror. If any CES Member and Participating Entity is involved by any party in a Patent and Copyright Infringement dispute, the same provisions that apply to CES in this paragraph will apply to the CES Member or Participating Entity. Offeror’s obligation under this section is conditioned on CES’ agreement that if the subject of such a claim, CES will permit the Offeror, at its expense and option, either to procure the right for CES and its Members or Participating Entity to continue using the equipment and/or software, or to replace equipment or software which are functionally equivalent so that they become non-infringing. If neither of the foregoing alternatives is available on terms which are reasonable in Offeror’s judgment and satisfactory to CES, CES will request its Members or Participating Entity to return the equipment or software upon written request by Offeror at Offeror’s expense.

Offeror agrees to refund CES and/or its CES Member/Participating Entity for returned equipment as depreciated to current market value unless otherwise mutually agreeable in writing. The depreciation will be an equal amount per year over the life of the equipment in accordance to GAAP/GASB guidelines. In the event that an Offeror’s written request for return of equipment is made after full depreciation, the Offeror will pay CES, or its CES Member/Participating Entity who purchased the equipment, an amount equivalent to the fair market value of the returned equipment. If CES, or any of its CES Member/Participating Entity, fails to return the equipment, the Offeror is not obligated to that Member under this clause.

Offeror will have no obligation with respect to any such claim based upon a Member’s or Participating Entity’s modification of the equipment or software or combination, operation or use with apparatus, data or programs not furnished by Offeror. However, one Member’s or Participating Entity’s action will not preclude Offeror’s obligation to other Members/Participating Entities not having modified their equipment or software.

Payments by CES Member or Participating Entities: For the purchase by a CES Member or Participating Entity directly from the Offeror for goods and services that have been received and accepted. Payment from the Member or Participating Entity to the Offeror will be made within forty-five (45) days after the receipt of a correct invoice, unless a good faith dispute exists as to any obligation to pay all or a portion of the account. If a dispute arises or an agency’s account becomes delinquent, the Offeror is encouraged to contact and request assistance from CES. *Any offer that requires payment in less than forty-five (45) days may not be considered.*

Payment of Administrative Fee: When a CES Member or Participating Entity issues payment directly to the Offeror for goods and services received and accepted, the Offeror will upon receipt of payment from a CES Member or Participating Entity, issue payment to CES for the CES administrative fee as invoiced by CES.

Price List/Pricing: The Offeror will furnish CES with electronic copies of or provide electronic access to the approved current price list for products and services offered under this solicitation. The Offeror must keep current all pricing for any contract issued as a result of this solicitation. All pricing must include the CES two percent (2%) administration fee.

Price Quote/Proposal: When preparing a quote/proposal, the Offeror must clearly identify and break out quantities, descriptions, supplies, materials, equipment and services into individual line items as they appear on the Offeror's awarded price schedule or pricing methodology. At a minimum all quotes or proposals shall include the following: description, "hourly labor rate or the list/catalog unit price", "the per cent discount offered" and the final "CES price". All stated prices must include the CES two percent (2%) administrative fee. Shipping/Freight costs and the New Mexico Gross Receipts Tax as applicable must be stated in separate lines.

Price Reduction, Promotional and Special Pricing: A price reduction can be offered at any time and will become effective upon approval by AEPA and CES.

Progress Payments: Under this solicitation (RFP), CES, its Members, and Participating Entities may allow progress payments to be made on goods and/or services received and accepted under the following conditions:

1. The Member or Participating Entity and the Offeror agree to the terms and milestones of the project for progress payments in writing prior to issuing a purchase order to the Offeror.
2. The quote or proposal in which the purchase order is based must clearly identify and describe the amount(s) to be paid and the date(s) payment(s) are to be made for the service or goods delivered.
3. The Offeror must obtain from the CES Member or Participating Entity written documentation identifying the work completed and goods received to be submitted with progress payment request.
4. Payments will be made only after actual goods and/or services are verified, received, and accepted by the CES Member or Participating Entity.
5. Payments will be made in full compliance with the CES Member or Participating Entity local administrative procedures, policies and any/all other applicable state rules, regulations and statutes.
6. If the estimate of work and/or goods received are not approved and certified by the Member or Participating Entity, CES, Member or Participating Entity can withhold an amount from the progress payment that reasonably represents the deficiency identified in the Offeror's payment request. In such cases, the Offeror agrees to hold CES harmless for any deficiency of payment.
7. Acceptance of final payment is a waiver of all claims, except unsettled claims previously made in writing.

Pursuant to Oregon Law ORS 279A and IMESD is authorized to cooperate with other entities and in such regard is authorized to cooperate with them in the purchasing of goods and services pursuant to these contract documents. As other entities cooperate with IMESD to take advantage of the goods and services made available pursuant to these contract documents, the terms and conditions of any such sales shall be in accordance with the contract documents.

Additionally Senate Bill 3184 enables Oregon's Education Service Districts to offer the services they provide to component school districts to other organizations. For the past 10 years, the InterMountain ESD (formerly Umatilla-Morrow ESD) has been a leader in expanding revenue available for schools and IMESD programs by providing these services outside of 19 local school districts. (*Reference: [ORS 334.185](#)*)

Under Oregon public contracting rules, each individual public agency will have its own local rules it must adhere to, in addition to statewide public contracting laws. InterMountain Education Service District does not presume that its cooperative purchasing program will necessarily comply with every agency's internal public contracting rules. We always advise potential customers to review the bid solicitation carefully and recommend review by their legal department and/or procurement personnel to assure that contracting laws are complied with.

ADVERTISING AND MARKETING: Bidders must demonstrate they possess the necessary resources and have a proven track record to market, offer, obtain, deliver, install and provide the sales and technical support services to IMESD and its participating agencies within the state of Oregon in a timely and cost effective manner.

APPLICABLE LAW AND VENUE: Any dispute arising out of any of the contract documents, or out of their performance, shall be decided by litigation in the Circuit Court of the State of Oregon in the county of Owner's residence, the parties consenting to jurisdiction in said court and permanently waiving jurisdiction in any other court, state or federal. In the event of litigation the prevailing party shall be entitled to an award of reasonable attorney's fees and costs at trial and upon any appeal thereof. In the event that the successful bidder breaches a term of condition of a contract awarded, the IMESD may terminate the contract. In addition to the right to terminate due to the successful bidder's breach, and all other rights and remedies contained in other provisions, the IMESD reserves all its rights and remedies at law and in equity available due to the breach.

HAZARDOUS CHEMICALS: The Successful bidder shall supply current MSDS for all products as required below even if these sheets have been supplied in previous years.

The agencies participating on IMESD agreement will need MSDS and labels for certain products defined as hazardous chemicals by the State of Oregon in accordance with ORS 654.025(2) and 656.726(3). D. Procedure for Agencies Processing Orders under IMESD in Oregon

Once the award is made to the vendor, IMESD will market these contracts by: 1) including the contract on the IMESD website, 2) announcing the award in flyers, and 3) attending vendor events throughout school year. A list of schools, contact names, addresses and phone number can be accessed through the Oregon Department of Education website. At this point the vendor contacts schools and schools may contact the vendor. When the school/agency identifies a product or services and agrees on price it issues to Vendor a purchase order for that item or service, referencing the AEPA Bid number. The purchase order must include an additional one percent (2%) administrative fee in the total to be forwarded by the vendor to IMESD after the sale. All participating vendors agree to and are subject to audit proceedings of IMESD member sales.

Upon receipt of the purchase order, the vendor provides the goods or service listed on the purchase order. It is important to remember the vendor makes delivery to the member unless other arrangements are made in cooperation with IMESD. When all items and services on the purchase order have been delivered to the member in a complete and satisfactory manner, vendor then invoices the member for the goods and service. This invoice includes the additional one percent (2%) administrative fee to the total amount invoiced of the goods or service provided by the vendor. This percent is based on the total sales of goods or services. The member then pays the vendor including the one percent (2%) administrative fee. IMESD then invoices the Vendor for the 2% administrative fee based on the sale of goods and services collected by the vendor.

E. Agencies Allowed to Purchase under IMESD in Oregon

The InterMountain Education Service District (IMESD) participates in a national non-profit organization, the Association of Educational Purchasing Agencies (AEPA), which is a procurement vehicle. The mission of IMESD's involvement with AEPA is to cooperatively serve Oregon state agencies members through a continuous effort to explore and solve present and future purchasing needs. AEPA goals include working to secure multi-state volume purchasing contracts with benefits that are measurable, cost-effective and continuously exceed our state member's expectations. InterMountain Education Service District is the member agency representing Oregon in AEPA through an IMESD board approved Memorandum of Understanding between all participating states that are all political subdivisions related to K-12 education. All AEPA bids have been advertised by IMESD in Oregon.

Pursuant to Oregon Law, ORS 279A, InterMountain Education Service District is authorized to offer these contracts to other government entities including school districts, state universities, community colleges, special districts, local and state government.

There is no fee or annual dues to become an IMESD agency member to purchase. InterMountain Education Service District's contract management efforts are funded by a nominal administrative fee paid by the vendor based on sales volume.

Only those members listed on an approved KPN membership list are eligible to purchase under these contracts. This list may change during the contract period and currently includes members from Pennsylvania, Maryland, New York, Delaware, District of Columbia and other Northeast & Mid-Atlantic states. Vendors may choose to offer KPN in other non-AEPA member states where cooperative purchasing laws allow.

Additional members may include other public educational institutions in the state, college, university, community colleges, vocational schools, charter schools, municipal and county governments and other non-profit organizations from Pennsylvania or any other state where a member is located. Membership from other entities is permitted by various intergovernmental cooperative purchasing laws or regulation from their home state.

As member agencies from other states are added to the membership of the KPN the awarded vendor(s) agrees to abide by all state and local laws and/or regulations that may apply to any purchase of products, services or construction by these agencies. KPN reserves the right to market any AEPA contract under any cooperative program name that it may choose in the future on a national basis in any non-AEPA member state.

32. COOPERATIVE PURCHASING-The County may participate in, sponsor, conduct or administer a cooperative procurement agreement on behalf of or in conjunction with one or more other public bodies, or public agencies or institutions or localities of the several states, of the United States or its territories, or the District of Columbia, for the purpose of combining requirements to increase efficiency or reduce administrative expenses in any acquisition of goods and services. Except for contracts for architectural and engineering services, a public body may purchase from another public body's contract even if it did not participate in the request for proposal (RFP) or invitation for bid (IFB), if the RFP or IFB specified that the procurement was being conducted on behalf of other public bodies. Nothing herein shall prohibit the assessment or payment by direct or indirect means of any administrative fee that will allow for participation in any such arrangement. As authorized by the United States Congress and consistent with applicable federal regulations, and provided the terms of the contract permit such purchases, any county, city, town, or school board may purchase goods and nonprofessional services from a U.S. General Services Administration contract or a contract awarded by any other agency of the U.S. government. Bidders are advised that the *resultant* contract(s) may be extended, with the authorization of the Bidder, to other public bodies, or public agencies or institutions of the United States to permit their use of the contract at the same prices and/or discounts and terms of the resulting contract. If any other public body decides to use the final contract, the Contractor(s) must deal directly with that public body concerning the placement of orders, issuance of purchase orders, contractual disputes, invoicing and payment. The County of Fairfax acts only as the "Contracting Agent" for these public bodies. It is the Contractor's responsibility to notify the public body(s) of the availability of the contract(s). Other public bodies desiring to use this contract will need to make their own legal determinations as to whether the use of this contract is consistent with their laws, regulations, and other policies. Each public body has the option of executing a separate contract with the Contractor(s). Public bodies may add terms and conditions required by statute, ordinances, and regulations, to the extent that they do not conflict with the contract's terms and conditions. If, when preparing such a contract, the general terms and conditions of a public body are unacceptable to the Contractor, the Contractor may withdraw its extension of the award to that public body.

(RCW 39.04.010, RCW 39.12.010 and 020) It is the contractor's responsibility to be acquainted with and comply with State regulations regarding payment of prevailing wages on public works projects. Prevailing Wages are established by the Washington State Department Of Labor and Industries and can be obtained on the web at <http://www.lni.wa.gov/TradesLicensing/PrevWage/WageRates/default.asp> or by contacting Labor and Industries at 360-902-5335. KCDA serves all counties in Washington State. It does not apply to work that is clerical, executive administrative or professional in nature. It does not apply to work of a secretary, engineer or administrator, unless they are performing construction work, alteration work, repair work, etc. Prevailing wage application depends on the work that is performed, regardless of the worker's job title. (RCW 39.12.020 and WAC 296-128-510 through 530). Definition: Public Works is all work, construction, alteration, repair or improvement that is executed at the cost of the state or any other local public agency. - **Prevailing Wage:** Definition: Prevailing Wage is the hourly wage, usual benefits and overtime, paid in the largest city in each county, to the majority of workers, laborers and mechanics. Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s. 2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*¹
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs)

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor’s responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed over sheet) may be used as the contractor’s submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

(A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

(F) CONSTRUCTION CONTRACTS-continued

(B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

(1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

(2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;

EXHIBIT B (Continued)

(3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

(4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;

(5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and nondiscrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;

(6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:

(i) The contractor or subcontractor shall interview the referred minority or women worker.

(ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

(iii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

(iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

(7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

(C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and

trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA-201) electronically provided to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its website, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200, referred to as the “Uniform Guidance” or new “EDGAR”. All Respondents submitting proposals must complete this EDGAR Certification form regarding the Respondent’s willingness and ability to comply with certain requirements, which may apply to specific agency purchases using federal grant funds.

For each of the items below, the Respondent will certify its agreement and ability to comply, where applicable, by having the Respondent’s authorized representative check, initial the applicable boxes, and sign the acknowledgment at the end of this form. If a Respondent fails to complete any item of this form, AEPA will consider and may list the response, as the Respondents are unable to comply. A “No” response to any of the items below may influence the ability of a purchasing agency to purchase from the Respondent using federal funds.

1. Violation of Contract Terms and Conditions

Provisions regarding Respondent default are included in AEPA’s terms and conditions. Any contract award will be subject to such terms and conditions, as well as any additional terms and conditions in any purchase order, ancillary agency contract, or construction contract agreed upon by the Respondent and the purchasing agency, which must be consistent with and protect the purchasing agency at least to the same extent as AEPA’s terms and conditions. Describe how this business marketed its products and services to schools, nonprofit organizations, and other public sector audiences in Fiscal Year 2020– 2021 (July 1 – June 30). List all conventions, conferences, and other events at which this company exhibited.

Blick's primary method of marketing is catalog distribution to all schools and colleges in the US along with numerous public institutionals that use our products in their operations. Additionally, our website is rich in content for art

materials users from all market segments. Conventions and conferences are key components of our marketing program. Below are conference at which we exhibited either in person or virtually in the 2020-2021 school year. Due to the pandemic, all events were cancelled or held virtually. Cancelled events that we typically exhibit are noted as such. It is also important to note that we resumed our in-person attendance at these conferences in September of 2021. Only one other art supply company resumed attendance and then only at a limited number of conferences. Blick continues to be the largest supporter in our market. Describe how your company will market the resulting contract to eligible Member Agencies. Describe how your company differentiates the new agreement from existing contracts that your company may hold today. Please be specific and detailed in your response.

This would be our first national contract under the Career and Technical Supply category. All others are either under the umbrella of schools supplies or specifically art supply. As such, we have not actively marketed our products to this audience in the past. But believe there is potential in this market and should be able to leverage existing relationships in schools in this manner.

Cooperative Marketing. Describe ways in which your company will collaborate with AEPA Member Agencies in marketing the resulting contract. Submit any supplemental materials as PDFs and title it Exhibit A – Marketing Plan.

- Process on how the contract will be launched to current and potential agencies.
- The ability to produce and maintain in full color print advertisements in camera-ready electronic format, or electronic advertisements, including company logos and contact information.
- Anticipated contract announcements, planned advertisements, industry periodicals, other direct or indirect marketing activities promoting the AEPA awarded contract.

Environmental Initiatives

Describe how your products and/or services support environmental goals.

Blick has a long-standing commitment to being green. An online list of some of the eco-friendly and recycled products we carry can be found at <https://www.dickblick.com/learning-resources/buying-guides/sustainability/>. We also tag green products online with “Eco Friendly” and “Recycled” icons.

Indicate if your company has any products in your offering that have any third-party environmental certifications.

We likely do carry products with these distinctions but we do not actively track or report them.

Describe the business’s “green” objectives (i.e. LEED, reducing footprint, etc.).
 Blick’s primary distribution center in Galesburg, IL was built in 2001 with energy efficiency in mind. This building uses only 10% of the energy normally required to heat and cool a structure of its size.

Describe what percentage of your offering is environmentally preferable and what are your company’s plans to improve this offering.
 We are unable to provide a specific percentage. We continually add relevant product as it becomes available.

Any contract award will be subject to such terms and conditions, as well as any additional terms and conditions in any purchase order, ancillary agency contract, or construction contract agreed upon by the Respondent and the purchasing agency, which must be consistent with and protect the purchasing agency at least to the same extent as AEPA's terms and conditions. Describe how your company will implement training and knowledge of the contract with your respective sales force. Furthermore, describe how your company plans to support and train your sales force on a national, regional, or local level and generally assist with the education of sales personnel about the resulting contract.

In addition to offline self-service training resources, we regularly conduct 1-hour online professional development sessions. Teachers learn: what technology to use; who the program is for; how to navigate the program; how to teach the program to 1:1 or Small-Large Groups; how to Run Data Reports; how to align with IEP program goals; how to work with the program outside of school (aka remote learning); how to achieve the best outcomes from the program; plus open-ended Q&A.

What is your company's plan, if your company were awarded the contract, to service up to 29 states. Describe if your company has a national sales force, dealer network, or distributor(s) with the ability to call on eligible agencies in the participating states in AEPA.

We have learned a great deal since we first began servicing school systems in 2010. The biggest lesson is that "one size does not fit all." It has been our secret to success, that we customized our support to meet the needs of a wide range of school systems. For instance, we already have operational contracts with NYS BOCES, LAUSD, and Buy Boards to name a few. As an example, with the NYS BOCES contract, we are required to provide statewide "Train the Trainer" opportunities with BOCES staff development

employees. Because they are local, and already engaged with school districts on a myriad of services, they can better address and localize training. Thus, if a district were already engaged with a district already participating in a BOCES STEM initiative, the BOCES Specialists could pull in the Career Awareness for 23 careers in STEM related fields. If we were to be awarded the contract, servicing up to 29 states, we would look for similar opportunities to localize and customize support. Keeping in mind that our system is relatively easy to use, we have also created “cheat sheets” and recorded “getting started” trainings that help to introduce and/or serve as refresher trainings.

Products, Services & Solutions

Provide a description of the Products, Services & Solutions to be provided by the product category set forth in Part B - Specifications. The primary objective is for each Supplier to provide its complete product, service, and solutions offerings that fall within the scope of this solicitation so that participating agencies may order a range of products as appropriate for their needs.

Funded by the National Science Foundation, Teen Career Path is the only life skills and career readiness curriculum with an interactive video game experience to help students explore and discover a preferred career choice. Teen Career Path has two main segments: 1.) Interactive online gaming, and 2.) Career-Life Readiness curriculum. The first component includes 23 career games covering 15 job sectors, student management and progress monitoring. The second component includes over 170 Life and Career Readiness curriculum. Designed for students with special needs, this program can be used by both Career and Technical Education (CTE) and Transition Teachers, who tell us that they find the content easy to individualize to meet student learning styles and needs.

Distribution

Describe how your company proposes to distribute the products and services nationwide, regionally, or at the local level.

All of our curriculum is cloud based. Thus new purchases, expansions (adding licenses), and renewals all happen instantaneously with users enrolled in our system.

Service/Support and Distribution Centers: Provide the type (service/support or distribution) and location of centers that support the United States by completing the following: *(To insert more rows, hit the tab key from the last field in the State column.)*

Center Type	City	State
n/a

n/a

n/a

If applicable, describe your company’s ability to do business with manufacturer/dealer/distribution organizations that are either small or MWBE businesses as defined by the Small Business Administration.

We have no limitations in this regard and can work with small or MWBE businesses as defined by the SBA.

If applicable, describe other ways your company can be sensitive to a participating agencies desire to utilize local and/or MWBE companies, such as the number of local employees and offices with a geographic region, companies your firm uses that may be local (i.e. delivery company), your own company’s diversity of owner employees, etc.

We have found over the years that flexibility in regard to providing professional development at alternate times of the day accommodates: different time zones across the country, school schedules that start early or end late, and school holidays (i.e., winter holiday, national holiday, summer vacations.) We make ourselves available at times when educators are not required to be in class, so that they can pay full attention and learn easily.

If applicable, provide details on any products or services being offered by your company where the manufacturer or service provider is either a small or MWBE business as defined by the Small Business Administration. Provide product/service name, company name and small/MWBE designation.

Marketing

Key Marketing Contact(s): List the name(s), title(s) and contact information of the business’s key national and regional marketing office(s). *To insert more rows, hit the tab key from the last field in the Email column.*

Name	Title	Phone	Email
Joyce Whitby	Marketing Director	631-834-0825	joyce@brightenlearning.com

Describe how this business marketed its products and services to schools, nonprofit organizations, and other public sector audiences in Fiscal Year 2020– 2021 (July 1 – June 30). List all conventions, conferences, and other events at which this company exhibited.

Our marketing strategy is very much aligned with educators’ adoption and implementation needs and acquisition timeline. Our Marketing Director has 35 years of experience in education, including both time teaching, as well as time marketing to schools. We focus on generating awareness, and consultatively supporting district needs for SEL, (i.e., webinars, blog posts, social media, local events, partnering with local Service agencies – i.e., BOCES, IUs, ESCs, etc.). We also support a number of national and regional professional organizations and attend their events to meet education decision makers. (i.e., ISTE, NYSCATE, CASE, CEC, LRP)

Describe how your company will market the resulting contract to eligible Member Agencies. Describe how your company differentiates the new agreement from existing contracts that your company may hold today. Please be specific and detailed in your response.

We discussed this exact point when reviewing this RFP. It is our intention to add the AESA organization and annual conference to our annual marketing plan. We would also appreciate information on other state level events – for instance we know (and actually have plans for) the PAIU conference this year in June 2022. See our attached marketing plan for an explanation of how we approach events in general. It is our intention to be both a information provider and consumer at educational events, where we partner with the broader education community.

Cooperative Marketing. Describe ways in which your company will collaborate with AEPA Member Agencies in marketing the resulting contract. Submit any supplemental materials as PDFs and title it Exhibit A – Marketing Plan.

- Process on how the contract will be launched to current and potential agencies.
- The ability to produce and maintain in full color print advertisements in camera-ready electronic format, or electronic advertisements, including company logos and contact information.
- Anticipated contract announcements, planned advertisements, industry periodicals, other direct or indirect marketing activities promoting the AEPA awarded contract.
- How the contract award will be displayed/linked on the Respondent’s website.

We are attaching a copy of our 2022 Marketing Plan. We will be working with our team to ensure that they understand the nature of a new contract with AEPA. (It’s a small team, and all have extensive experience in selling to schools nationwide.)

In addition, we know that information dissemination flows both ways. What we started doing last year, and intend to communicate, was a virtual “Executive Briefing” for our main point of contact at NYS BOCES (where we are on a contract for our SEL products.) During this webinar based session, we share what’s new with Brighten Learning (new name, new products, new research, etc.)

When it comes to this AEPA contract we would operate in a similar fashion. Hosting events for AEPA participating agencies to learn more about Teen Career Path (awareness). Providing them with list of school districts in their respective states that have expressed interest, so that we could work together (demand). We would also seek to disseminate product knowledge, so that they could be informed and see how our product aligns with their initiatives. Ultimately, we would love to do a “train the trainer” with agencies that see a good fit and would use our growing library of resources which support teachers using Teen Career Path (TCP).

We have attached to this bid submission a sampling of these resources, including: an TCP Implementation Guide; and a newly minted TCP Transition Goals - which literally lists sample goals for Individual Transition Plans (ITPs) and then links directly to our life skills lessons. A simple one pager is also included, that provides essential information at a glance, and yet has room for custom branding to a local ESA if desired.

We have a couple of examples of how our materials might appear on a partner’s website. Though not part of the AEPA bid, Vermont’s Vita-Learn group has a purchasing consortia, and here is how they publicly list our materials <https://vita-learn.org/purchasing-consortia/>. Another example is the nationwide purchasing consortia Buy Boards, our page lists our contract and other pertinent info <https://app.buyboard.com/Shop/Vendors/Details?id=5789>

Environmental Initiatives

Describe how your products and/or services support environmental goals.

Because our product is cloud based there is literally no required print materials needed. We have streamlined the delivery system and support system, so that all which is needed is accessible via computer, laptop, Chromebook, or tablet.

Indicate if your company has any products in your offering that have any third-party environmental certifications.

n/a

Describe the business’s “green” objectives (i.e. LEED, reducing footprint, etc.).

n/a

Describe what percentage of your offering is environmentally preferable and what are your company's plans to improve this offering.

n/a

Additional Information

Describe any/all features, advantages and benefits of your organization that you feel will provide additional value and benefit to a participating AEPA agency.

Perhaps one of our greatest assets for AEPA, is the fact that this program (and others in our suite of solutions) was developed specifically for students with special needs. Our expertise has grown over the years of working with special educators nationwide.

Our company began because the owners' sons were diagnosed with autism. Our earlier programs are designed to support basic communication and social skills. As the boys grew and their needs developed, and by the time they reached secondary education they needed help preparing for life after high school. **Teen Career Path** was built with this in mind, specifically designed for students who were not necessarily college bound, but who could have meaningful independent lives.

The **Teen Career Path** program is research based and covers 15 job sectors and 23 Careers, and because it was developed with the assistance of NSF Phase I & II grants, the careers covered are STEM related, including:

23 STEM Careers

- Certified Nurse Assistant
- Electrical technician
- Water Quality Specialist
- I & C Technician
- Registered Nurse
- Game Programmer
- Entry Level Engineer
- Data Analyst
- Wildlife Biologist
- Research Scientist
- Civil Engineer
- Pathologist
- 3D Animator
- Crime Scene Leader
- Supply Chain Manager (Logistics)
- Forensic Scientist
- IT Specialist

If applicable, describe your company's ability to integrate into other ecommerce sites:

Include details about your company's ability to create punch out sites and accept orders electronically (cXML, OCI, etc.).

Provide detail on where your company has integrated with a public agency's ERP (Oracle, Infor Lawson, SAP, etc.) system in the past and include some details about the resources you have in place to support these integrations. List, by ERP provider, the following information: name of public agency, ERP system used, "go live" date, net sales per calendar year since "go live", and percentage of agency sales being processed through this connection.

We currently integrate with Stripe, Woo Commerce, and Authorize.net as payment gateways through our website www.brightenlearning.com

Uniform Guidance "EDGAR" Certification Form

2 CFR Part 200

When a purchasing agency seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200, referred to as the "Uniform Guidance" or new "EDGAR". All Respondents submitting proposals must complete this EDGAR Certification form regarding the Respondent's willingness and ability to comply with certain requirements, which may apply to specific agency purchases using federal grant funds.

For each of the items below, the Respondent will certify its agreement and ability to comply, where applicable, by having the Respondent's authorized representative check, initial the applicable boxes, and sign the acknowledgment at the end of this form. If a Respondent fails to complete any item of this form, AEPA will consider and may list the response, as the Respondents are unable to comply. A "No" response to any of the items below may influence the ability of a purchasing agency to purchase from the Respondent using federal funds.

1. Violation of Contract Terms and Conditions

Provisions regarding Respondent default are included in AEPA's terms and conditions. Any contract award will be subject to such terms and conditions, as well as any additional terms and conditions in any purchase order, ancillary agency contract, or construction contract agreed upon by the Respondent and the purchasing agency, which must be consistent with and protect the purchasing agency at least to the same extent as AEPA's terms and conditions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

2. Termination for Cause of Convenience

For a participating agency purchase or contract in excess of \$10,000 made using federal funds, you agree that the following term and condition shall apply:

The participating agency may terminate or cancel any purchase order under this contract at any time, with or without cause, by providing seven (7) business days in advance written notice to the Respondent. If this agreement is terminated in accordance with this paragraph, the participating agency shall only be required to pay Respondent for goods and services delivered to the participating agency prior to the termination and not otherwise returned in accordance with the Respondent's return policy. If the participating agency has paid the Respondent for goods and services provided as the date of termination, Respondent shall immediately refund such payment(s).

If an alternate provision for termination of a participating agency's purchase for cause and convenience, including how it will be affected and the basis for settlement, is in the participating agency's purchase order, ancillary agreement or construction contract agreed to by the Respondent, the participating agency's provision shall control.

3. Equal Employment Opportunity

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contract that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

The equal opportunity clause provided under 41 CFR 60-1.4(b) is hereby incorporated by reference. Respondent agrees that such provision applies to any participating agency purchase or contract that meets the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 and Respondent agrees that it shall comply with such provision.

4. Davis Bacon Act

In accordance with the statute, Respondent is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determinate made by the Secretary of Labor. Also, Respondent shall pay wages not less than once a week.

Current prevailing wage determinations issued by the Department of Labor are available at www.wdol.gov. Respondent agrees that, for any purchase to which this requirement applies, the award of the purchase to the Respondent is conditioned upon Respondent's acceptance of wage determination.

Respondent further agrees that is shall also comply with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each construction completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled under his contract of employment, shall be defined under this titled or imprisoned not more than five (5) years, or both.

5. Contract Work Hours and Safety Standards Act

Where applicable, for all participating agency purchases in excess of \$100,000 that involve the employment of mechanics or laborers, Respondent agrees to comply with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, Respondent is required to compute the wages of every mechanic and laborer based on a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of the 40 U.S.C. 3704 applies to construction work and provides that no laborer or mechanic must be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchase of supplies, materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

6. Right to Inventions Made Under a Contract or Agreement

If the participating agency's federal award meets the definition of "funding agreement" under 37 CFR 401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experiments, developmental or research work under the "funding agreement," the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

SAM exclusions contain the names

Each tier must also disclose any lobbying with non-Federal funds that take place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

11. Profit as a Separate Element of Price

Event Strategy - Going “Beyond the Booth”

Our overarching strategy for all events is to attend with the intention of both teaching others and learning something new ourselves. With this in mind we seek to build strategic plans for each event which we refer to as our “beyond the booth” plan. This is where we work with sale reps, local school districts, regional agencies to uncover meaningful ways to participate, including but not limited to: presentations by practitioners (teachers, SLPs, Transition Specialists) who use our products and have ‘best practices’ to share; user group meetups; social meetups (i.e., for #SEL, #CTE); sponsoring board meetings, site visits, or student ambassadors, etc. All the tried and true ways we have found increase our reach, and go well beyond just standing at a booth and handing out pens. We also reserve the right to not exhibit and just attend. Buying a full badge, attending sessions, networking with attendees “shoulder to shoulder” is often the best way to build relationships.

For over a decade Brighten Learning has been providing outcome driven programs for all learners. We teach skills to achieve success in and out of the classroom. Join the thousands of users who use our tools every day!

Teen Career Path – 2 Components

Career Exploration:

The first of its kind, animated/interactive career exploration video game experience, funded by The National Science Foundation. Using game-based learning, students explore a day in the life of over 20 careers, covering 15 job sectors. *Recommended general education in middle school and special education high school for transition students.*

In Teen Career Path, learners explore a “day in the life” of 23 careers and learn:

- Workplace Social-Emotional Skills
- Time Management
- Foundational Life Skills
- Typical job tasks
- Career preference analysis

Life and Career Readiness:

With almost 200 lessons addressing a complete career readiness skills curriculum, which includes beginner, intermediate, and advanced lessons. Each lesson includes three parts for every sector: learning and information, activities to practice concepts and assessments to test knowledge. Six overarching topics address: Self-awareness, Communication, Community, Employment, Home and Finances.

“I wanted to share my students' experience with Teen Career Path. It can be very challenging to hold a student’s attention especially at the end of the year. However, with Teen Career Path students are excited to learn and fully engaged in the experience. They love how closely it simulates real work experiences! It has been such a fun way to engage students and keep them learning until the very last day of school. I look forward to continuing to use the program in the following school year.”

Teaching with the Teen Career Path

This teacher implementation guide will help you and your students get a positive start on the road to future employment. The software provides a simulated “day in the life” of an ever growing selection of careers. We will continue to enhance this program with new careers and are open to all suggestions on what we should build next.

The program will work on PCs/Macs and Chromebooks (download as an app from the Google Play Store.)

The “day in the life” is split into multiple sections: Students will receive points for completing each section. Points may also be lost for incorrect choices.

Get Ready for Work:

After watching a short tutorial on how to navigate the program, this simulation provides opportunities for students to demonstrate the ability to make daily living choices regarding health and productivity as well as social interactions. For example, the student will prepare for work including hygiene and monetary considerations.

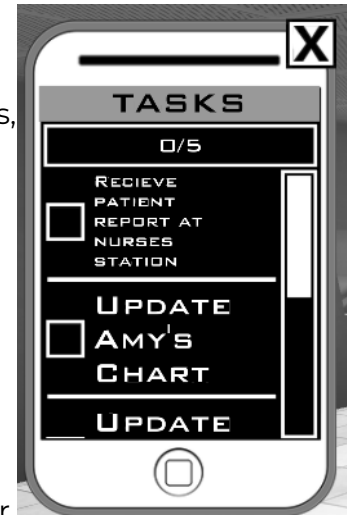

Transportation:

The career game challenges students to identify time and monetary constraints associated with getting to work on time. Students receive points for social interactions by talking with a character named Kayla at the bus stop. This presents a teachable moment where teachers can encourage communication initiation and maintain the positive socialization process.

NOTE: Once players achieve 80% efficiency for Get Ready For Work AND arrive at work on time by making the correct choices during Transportation (at 8:00 AM or before), they are no longer required to complete these checkpoints when playing additional careers.

Morning Work:

Each career has numerous tasks associated with the morning work. These vary considerably by career. A virtual mentor, boss, and colleagues provide advice throughout the morning. The objectives for the morning work are found on the Task list on the phone visualization.

Cafeteria:

After all of the tasks for the morning work are completed, the player has a choice to go to the cafeteria, keep working, or go to the gym. Points are awarded to students for going to the gym, bringing their lunch from home, and speaking with their colleagues. Oftentimes the virtual colleagues will provide advice the student can use to solve challenges they face in the afternoon.

Afternoon Work:

Each career also includes a variety of tasks to be completed in the afternoon. The player will need to debrief with her or his boss at the conclusion of the day for some careers. During these interactions the player has the option to smile, make eye contact, and have a cordial conversation. Choosing to cross their arms and say nothing will not help the student. If the student makes inappropriate decisions the career mentor will provide immediate corrective feedback as consistent with evidence-based instructional practices.

At the conclusion of the afternoon work the student has three choices: Buy groceries, go out to eat, or go to the gym. Remember, the game is designed to help students make appropriate, healthy choices after they graduate from high school. This is another teaching opportunity for some students in the area of life skills.

Making the simulation accessible to all students

There are settings in the phone simulation graphic which aids the accessibility of the content using both visual and auditory modalities.

These settings can be accessed **TWO** ways:

The first method is done prior to game play by clicking on the settings button (figure 1.)

1. Select SETTINGS

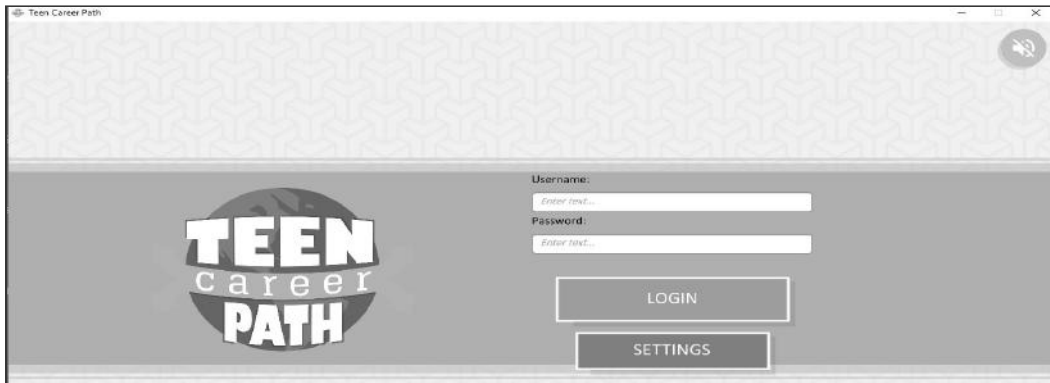

Figure 1

2. Then Select UI VO ON (User Interface Voice Over)

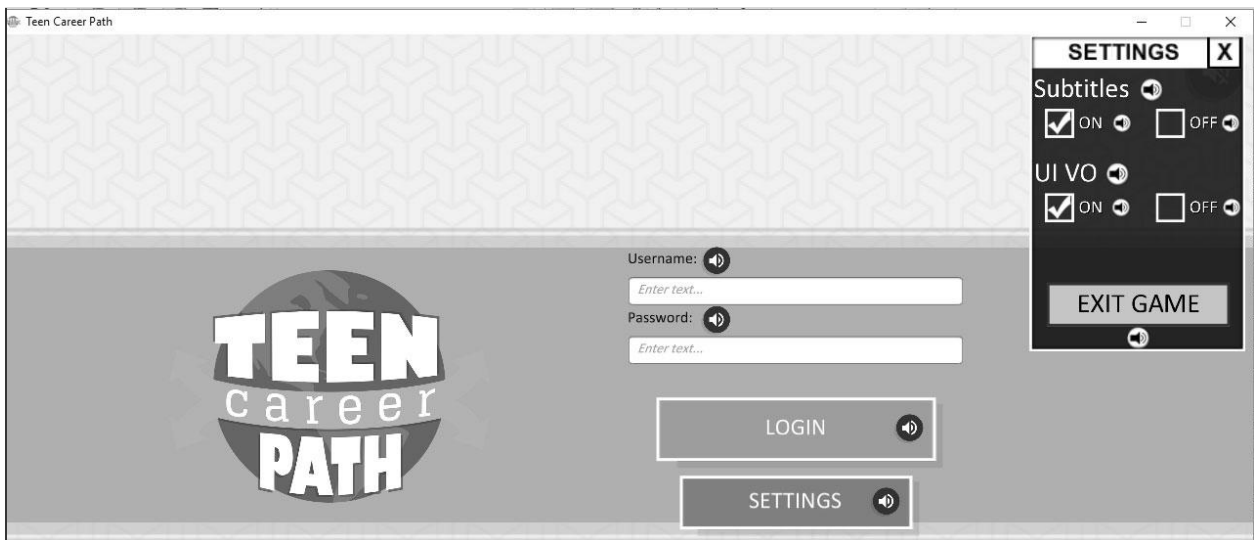

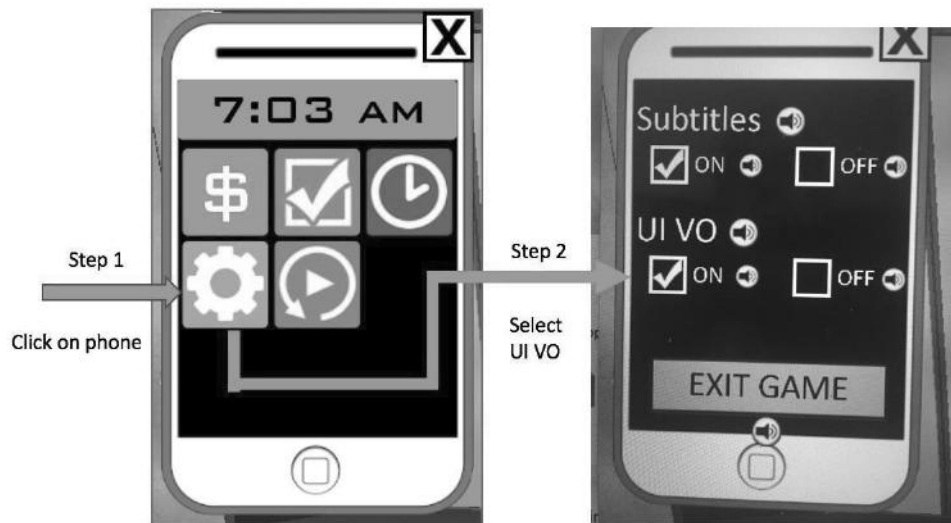

Figure 2

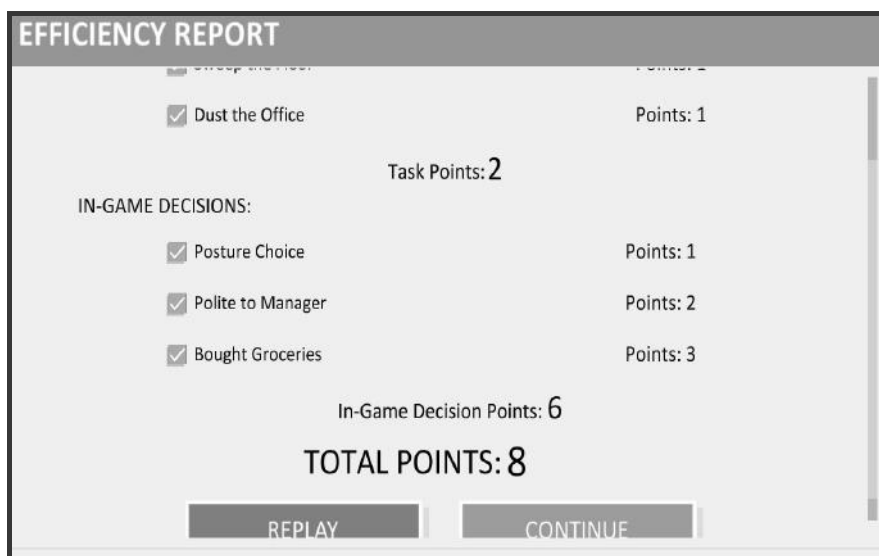

The second method can be done during game play, by clicking on the phone.

1. Click phone
2. Click blue gear symbol
3. Select UI VO (*User Interface Voice Over*) This will enable a speaker icon in each room of the simulation.

Once the virtual day is over, the student receives a comprehensive report about their productivity over the day. Make sure the student uses the scroll function on the side to scroll down to the “Continue” button. Select “Continue” to see the survey.

Teaching with the Teen Career Pathway

Teacher login

To access your teacher account go to: www.brightenlearning.com then log in with your username and password. Next, select “**Download Career Game**” Teachers can add students and run reports for data analytics for each student.

Steps to implement playing the Teen Career Pathway Game

Step 1:

- Download the file onto your local machine or LAN Server (This may take several minutes depending on your Internet connection speed).
- Once the simulation is downloaded, we recommend the teacher play through each career ahead of time to identify areas where students might struggle or where directions need clarification.

- The simulations are designed so that students can play through one simulation in a 50 minute class period. This includes the time for the teacher to introduce each career, establish objectives, play through the simulation, and debrief with the students.

Step 2:

- Start the lesson by having a discussion with your students.
 - Explain the career simulation they will be playing through and ask them to describe what they think the career will be like.
 - List the characteristics they provide on a white-board.
 - You should ask them to anticipate the education level necessary to achieve the job and what they think the income level will be.
- This process will be helpful in establishing your student’s level of prior knowledge. Also, ask them to describe any aspects of the job they anticipate as beneficial or detrimental in their opinion. Now it’s game time!

Step 3:

- Each student should have her or his own headset and workstation with a computer.
- Review the accessibility information in the phone simulation for those students who need it.
 - It may be beneficial to provide pictures such as those on page 3 to help them. Each student should log in, choose an avatar (i.e., preferred gender, hair color and style, eye color, and skin color), and begin.
- Check to see if all students are able to log in and begin the simulation.

Step 4:

- We recommend you start with the Facilities Specialist simulation because it is relatively easy to complete.
- Make sure that the student completes all checkpoints in a career.
- After they have gone through their final report, have the students complete the survey.

Final Step:

Bring the students back together

- This is the time to “check for understanding” and ask them to describe what they learned about the career.
 - How does it compare and contrast to what they originally thought?
 - If they are interested in the career, we suggest that you connect them with someone in your local community who has that career and consider establishing a mentoring program.

To access your teacher account go to: www.brightenlearning.com then log in with your username and password. Next, select **“Curriculum-Teacher Guide”**. Then select **Life and Career Readiness Curriculum**. **Note:** *If you are working on Individual Transition Plan (ITP) goals, use our ITP Goals PDF where ITP goals are directly linked to the curriculum.*

Choose from one of the six categories:

1. Self-Awareness
2. Communication
3. Community
4. Employment
5. Home
6. Finances

Each life & career category has a variety of lessons and skill levels. Each lesson includes a google presentation with the following components:

1. Objective of lesson/skills that will be learned
2. Introduction
3. Guided discussion and presentation of skill being taught
4. Learning Activity
5. References
6. Assessment

Each lesson is broken down into a very simplistic format. The different levels allow for all students to access the curriculum at their ability levels. The curriculum is designed to meet the needs of all students in grades 6-12 as well as adult programs for general education and special education students. It's the curriculum that every teacher has dreamed of. Differentiating each individual lesson is a challenge and with this curriculum it is done for you!

Student Login (Downloading to PC's-Macs)

Once you have added students in your teacher portal, you will now need to download the program to all computers where your students will access the program.

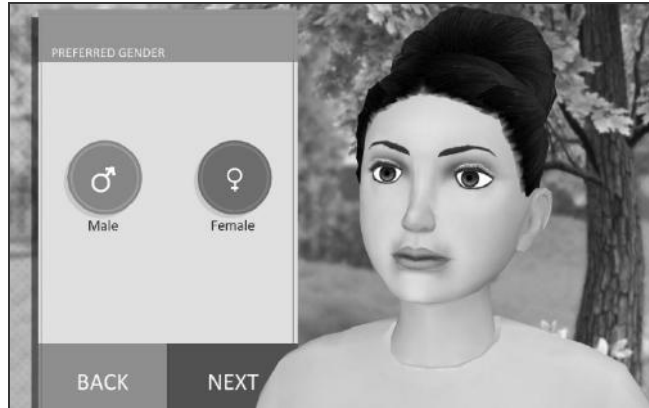

To do this, from the student's computer:

1. Open a browser and go to www.lexlogin.com.
2. Enter YOUR username and password.
3. Select **DOWNLOAD CAREER GAME**.

Select either MAC or PC and download the program to the computer. Once successful you will see an icon for Teen Career Path on the computer desktop. This is the program your students will click on to gain access to the program.

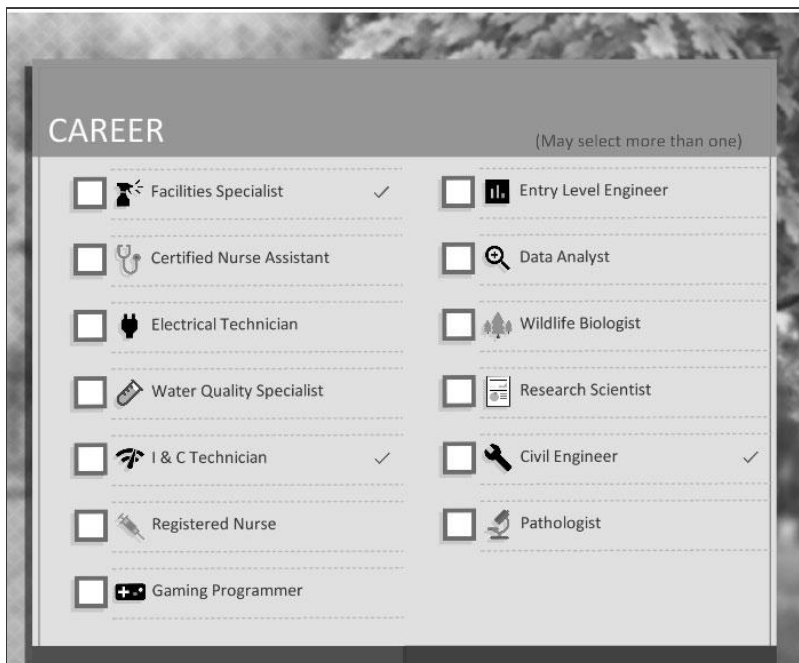

MAKE SURE YOU HAVE AN INTERNET CONNECTION OTHERWISE YOU WILL NOT BE ABLE TO LOG ON.

After the student logs in with the username and password you have assigned to them, the first step for students to do is to create their avatar.

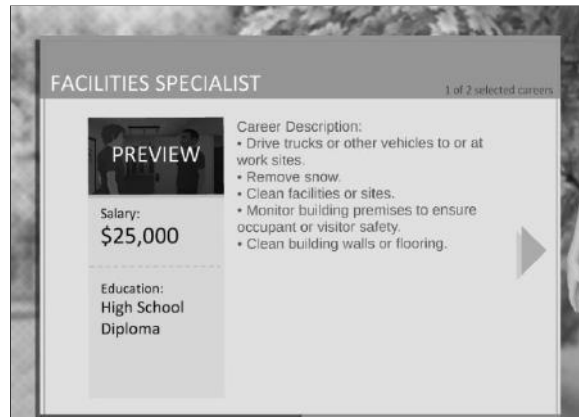

Customize your avatar by choosing a preferred gender, hair color, a hairstyle, skin color and eye color. The student may also use the random button and the program will automatically combine styles with the student input.

Once the student has created their avatar and selects NEXT they will now see the Career Selection Screen.

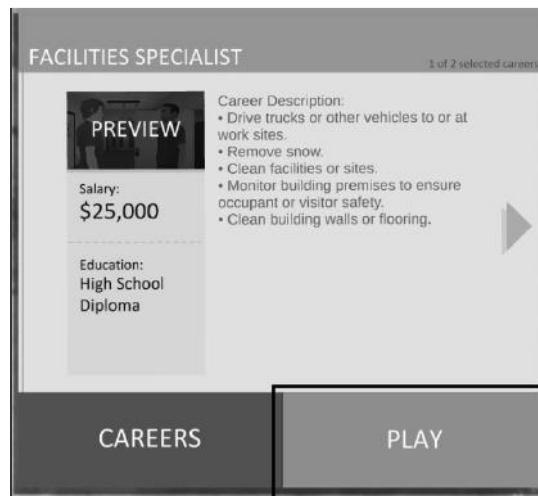

Now they have an opportunity to select 1 or multiple careers to learn about each. Only one career may be played at a time. Once they have made their selection, they

can select **DETAILS** and the next screen will show the student a summary of the career, typical salary associated with this career and the required education to enter this career. To get an idea of the career select **PREVIEW**.

The last step is for the student to select PLAY to launch their chosen career:

Employment Statistics

Employment statistics for the simulated careers including job descriptions and salaries were obtained from the U.S. Department of Labor, Occupational Outlook Handbook at <https://www.bls.gov/ooh/> (2017).

Uniform Guidance "EDGAR" Certification Form

2 CFR Part 200

When a purchasing agency seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200, referred to as the "Uniform Guidance" or new "EDGAR". All Respondents submitting proposals must complete this EDGAR Certification form regarding the Respondent's willingness and ability to comply with certain requirements, which may apply to specific agency purchases using federal grant funds.

For each of the items below, the Respondent will certify its agreement and ability to comply, where applicable, by having the Respondent's authorized representative check, initial the applicable boxes, and sign the acknowledgment at the end of this form. If a Respondent fails to complete any item of this form, AEPA will consider and may list the response, as the Respondents are unable to comply. A "No" response to any of the items below may influence the ability of a purchasing agency to purchase from the Respondent using federal funds.

1. Violation of Contract Terms and Conditions

Provisions regarding Respondent default are included in AEPA's terms and conditions. Any contract award will be subject to such terms and conditions, as well as any additional terms and conditions in any purchase order, ancillary agency contract, or construction contract agreed upon by the Respondent and the purchasing agency, which must be consistent with and protect the purchasing agency at least to the same extent as AEPA's terms and conditions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

2. Termination for Cause of Convenience

For a participating agency purchase or contract in excess of \$10,000 made using federal funds, you agree that the following term and condition shall apply:

The participating agency may terminate or cancel any purchase order under this contract at any time, with or without cause, by providing seven (7) business days in advance written notice to the Respondent. If this agreement is terminated in accordance with this paragraph, the participating agency shall only be required to pay Respondent for goods and services delivered to the participating agency prior to the termination and not otherwise returned in accordance with the Respondent's return policy. If the participating agency has paid the Respondent for goods and services provided as the date of termination, Respondent shall immediately refund such payment(s).

If an alternate provision for termination of a participating agency's purchase for cause and convenience, including how it will be affected and the basis for settlement, is in the participating agency's purchase order, ancillary agreement or construction contract agreed to by the Respondent, the participating agency's provision shall control.

3. Equal Employment Opportunity

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contract that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

The equal opportunity clause provided under 41 CFR 60-1.4(b) is hereby incorporated by reference. Respondent agrees that such provision applies to any participating agency purchase or contract that meets the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 and Respondent agrees that it shall comply with such provision.

4. Davis Bacon Act

When required by Federal program legislation, Respondent agrees that, for all participating agency contracts for the construction, alteration, or repair (including painting and decorating) of public buildings or public works, in excess of \$2,000, Respondent shall comply with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, Respondent is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determinate made by the Secretary of Labor. Also, Respondent shall pay wages not less than once a week.

Current prevailing wage determinations issued by the Department of Labor are available at www.wdol.gov. Respondent agrees that, for any purchase to which this requirement applies, the award of the purchase to the Respondent is conditioned upon Respondent's acceptance of wage determination.

Respondent further agrees that is shall also comply with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each construction completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled under his contract of employment, shall be defined under this titled or imprisoned not more than five (5) years, or both.

5. Contract Work Hours and Safety Standards Act

Where applicable, for all participating agency purchases in excess of \$100,000 that involve the employment of mechanics or laborers, Respondent agrees to comply with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, Respondent is required to compute the wages of every mechanic and laborer based on a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of the 40 U.S.C. 3704 applies to construction work and provides that no laborer or mechanic must be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchase of supplies, materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

6. Right to Inventions Made Under a Contract or Agreement

If the participating agency's federal award meets the definition of "funding agreement" under 37 CFR 401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experiments, developmental or research work under the "funding agreement," the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). When required, Respondent agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act.

The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

RE: Career and Technical Education Bid # 022.5-B

Dear Valued Customer,

Recently, we had an opportunity to participate in Career and Technical Education bid. We appreciate being invited to bid and would like to be considered for future bids.

Pitsco is willing to give a catalog discount Association of Educational Purchasing Agencies. According to the bid agreement, the district will receive a two percent discount on all purchase orders that reference our bid number. Shipping and handling charges will be prepaid and added to the invoice on all orders.

To better serve you, we have developed a bid-numbering system. This system was created to reduce the possibility of error and expedite the processing of orders. We closely track purchase orders that are linked to bids. When ordering, please place our bid number – **800092** – on the purchase order. This will enable us to process your order correctly and without delay. If the order does not include our bid number, it will not be processed as a bid. This discount will only cover items found only in the Pitsco Education *Big Book* and on our website www.pitsco.com. This discount will expire on May 1, 2023, unless renewed.

Note: Pitsco Education makes every effort to keep our products reasonably priced, but, as you might be aware, tariffs are having a major impact on many products across the United States. We will implement price adjustments only when notified by the supplier that increases are imminent. In these instances, prices will change quickly, which could affect purchase orders related to this bid.

We look forward to receiving your order and providing unmatched support as we continue to lead the field in providing new and innovative products for 21st century students.

Sincerely,

A handwritten signature in cursive script that reads "Angela Watson".

Pitsco Education, LLC, Environmental Statement

Pitsco Education, LLC, recognizes the importance of minimizing our impact on the environment. We are dedicated to leaving today's students – tomorrow's innovators and leaders – a world filled with possibilities. To do this, we continually work to reduce our environmental impact.

Minimizing waste

Waste reduction is a key focus across the company. To that end, we are active on several fronts.

- Boxes and packaging: ○ Our Warehouse personnel take great strides to reduce the number of boxes and amount of packaging material used for shipping products. From recycling and repurposing boxes to sourcing biodegradable packing materials that enable us to use less per box, we constantly strive to reduce waste.

- Paper recycling and sustainable practices: ○ Paper recycling is a company-wide effort. We maintain several paper-recycling bins across our main campus and manufacturing facility, enabling all employees to easily recycle paper rather than adding it to a landfill.
 - Providers of our paper and cardboard products employ sustainable practices required by their forestry certifications.
 - Additionally, our Printed Media Center recycles all unusable paper materials.

- Cardboard recycling: ○ Cardboard recycling is done across the company via specially designated bins.

Maintaining a healthy environment

- Our Printed Media Center switched from petroleum-based color inks to soy-based color inks several years ago, eliminating the release of volatile organic compounds (VOCs) into the environment.
- Reimagining products ○ Our Research & Development team reviews products on a regular basis, and, when feasible, they reimagine products to be more durable and longer lasting, thereby enabling students to reuse materials and equipment year after year. These educational resources are also designed to fit into smaller boxes, saving both space and materials.
 - We have eliminated the use of plastic straws in favor of paper straws in several SKUs.
 - All teacher and student guides have been made available for electronic download to reduce printing and shipping of materials.

Reducing energy consumption

Pitsco employees reduce energy waste by turning off lights and adjusting temperatures in rooms not in use. We also are gradually transitioning over to all LED lighting. By saving energy, we hope to do our small part in reducing the use of fossil fuels and the emission of harmful byproducts into the atmosphere.

Marketing

Describe how this business marketed its products and services to schools, nonprofit organizations, and other public sector audiences in Fiscal Year 2020– 2021 (July 1 – June 30). List all conventions, conferences, and other events at which this company exhibited.
