ABOUT US

Service cooperatives are an integral part of communities across Minnesota, North Dakota, and South Dakota.

Eight cooperatives in Minnesota created the Cooperative Purchasing Connection (CPC) which also serves participating agencies in South Dakota and North Dakota, through the North Dakota Educators Service Cooperative (NDESC).

FUELED BY CONTRACTS, POWERED BY PEOPLE

Welcome to the 2025–26 Catalog of Contracts from the CPC Team!

We're glad you're here! Every year, Cooperative Purchasing Connection (CPC) helps thousands of public agencies and nonprofits—from small rural schools and local governments to large counties and statewide organizations—access high-quality goods and services through competitively solicited contracts. We know your needs vary by size, geography, and staffing, so we work hard to offer a diverse, flexible portfolio of vendor contracts to meet you where you are.

CPC continually refreshes and expands our contract offerings. Each year, we resolicit contract categories that are four years old and add new categories based on member input. This results in a growing list of trusted, pre-vetted vendors—from local and regional businesses to national manufacturers—all selected to bring value, compliance, and choice to your procurement process.

One thing that never varies? Your need to trust the contracts you use on behalf of your school, city, county, or nonprofit. At CPC, trust is our foundation. As a public agency ourselves, we hold the same responsibility you do to ensure public dollars are used transparently and responsibly. That's why we publish an audit packet for every solicited contract—so you (and your auditor!) can verify that CPC contracts meet all legal and procedural standards.

CPC contracts are fully legal for use in your state. They comply with state and federal procurement requirements for public agencies. We follow strict competitive solicitation practices to ensure every contract meets or exceeds the legal thresholds for cooperative purchasing in these states.

Best of all, any surplus revenue generated goes right back into expanding and improving services for members. Don't miss our **Express marketplace**, which offers direct purchase options from select contracts—no registration fees, no hidden costs.

When it's time to make your next purchase, remember to **ask for the “CPC Contract.”** It's your key to value, peace of mind, and dependable service.

Warm regards,

Jane Eastes

The Cooperative Advantage in Action

I would definitely recommend CPC & Nelson Auto to other Municipalities and customers who are looking for a dealership with integrity and excellent customer service from start to finish.

Melissa Larson and the team at Nelson Auto have been outstanding to work with!

Highlight**

More from Anthony:

I have been in my current position with the City of Moorhead for almost 5 years now. I started the first few years purchasing from different vendors for various vehicle requirements we had, and did not have the best experience with a few of them.

Once I found out that Nelson Auto was part of the Cooperative Purchasing Connection and that I could utilize them for some of our purchases, I initially chose to do so, due to the dealership's location and its proximity to Moorhead.

The experience was nothing short of phenomenal!

Communication, timeliness of deliverables, and service during and after the sale were extraordinary. They were also able to provide Police Interceptors shortly after COVID-19, when other dealerships were telling us they could not or that order windows were closed. And the savings we received through Nelson as a CPC vendor align with discounts provided by other cooperatives.

It was very easy to use Nelson through the CPC for our purchases. Melissa Larson provided us with all the necessary documentation that our auditors require for compliance with the purchasing guidelines that we need to adhere to at the City of Moorhead. The timeliness of deliveries was much faster than we have received in the past, and the people handling the vehicle deliveries are always very friendly and easy to work with, showing up with all the correct paperwork.
